

MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M - CELLVAULT 5M MODULAR BATTERY STORAGE RESCUE ORANGE

MODULAR BATTERY INSERT PAK FOR CELLVAULT-5M Additional modular inserts to run almost any combination of batteries in the CellVault-5M Modular Battery Storage Case. Thyrm makes inserts for AA, AAA, CR123/16650, 18350, 18650, and 1632 batteries. When you combine extra Modular Insert Pak inserts with those that come with the CellVault-5M Modular Battery Storage Case, the possibilities are almost endless. Need to run ten CR123s? You can do that. How about four 18650s and two CR123s? Yup. You can also keep batteries staged outside the CellVault-5M and quickly swap them into the case to match your mission. The CellVault-5M Modular Battery Storage Case is not included when you buy any Insert Pak. Thyrm does not include batteries in any purchased products.

MODULAR BATTERY INSERT PAK FOR CELLVAULT5M Safety Instructions

Introduction

Thank you for choosing the MODULAR BATTERY INSERT PAK FOR CELLVAULT5M. This product is designed to enhance your experience with the CellVault5M Modular Battery Storage Case by allowing you to customize your battery storage options. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used for its intended purpose as described in the product documentation.
- Keep the product out of reach of children to prevent accidental ingestion or misuse.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Store the product in a cool, dry place away from direct sunlight and moisture.
- Avoid exposing the product to extreme temperatures or harsh environmental conditions.
- If you experience any issues or concerns regarding the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Only use batteries that are compatible with the CellVault5M Modular Battery Storage Case and the Modular Battery Insert Pak.
- Do not mix different types of batteries (e.g., alkaline, lithium) in the same insert.
- Ensure that batteries are inserted correctly, following the polarity markings (+ and -) indicated on the inserts.
- Do not attempt to modify or disassemble the Modular Battery Insert Pak or the CellVault5M.
- If a battery leaks or shows signs of swelling, remove it immediately and dispose of it properly.
- Avoid shortcircuiting the batteries by ensuring that the terminals do not come into contact with metallic objects.

Instructions for Installation and Usage

1. Installation of Modular Inserts:

- Open the CellVault5M Modular Battery Storage Case.
- Identify the desired location for the Modular Battery Insert Pak.
- Align the Modular Insert Pak with the designated slots within the CellVault5M.
- Firmly press down until the insert is securely in place.

2. Loading Batteries:

- Select the appropriate battery type for your needs (e.g., AA, AAA, CR123).
- Insert the batteries into the Modular Insert Pak, ensuring correct polarity.
- Close the CellVault5M once all batteries are loaded.

3. Using the CellVault5M:

- When ready to use, open the CellVault5M and remove the required batteries for your mission.
- If you need to swap batteries, ensure you do so in a safe environment to avoid contact with conductive materials.

Disposal Instructions

- Dispose of batteries according to local regulations. Do not throw batteries in regular household waste.
- Check for local battery recycling programs or hazardous waste disposal facilities to ensure safe disposal.
- Dispose of the Modular Battery Insert Pak in accordance with local regulations regarding electronic waste.

Contact Information for Further Support
