

MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M - CELLVAULT 5M MODULAR BATTERY STORAGE FLAT DARK EARTH

MODULAR BATTERY INSERT PAK FOR CELLVAULT-5M Additional modular inserts to run almost any combination of batteries in the CellVault-5M Modular Battery Storage Case. Thyrm makes inserts for AA, AAA, CR123/16650, 18350, 18650, and 1632 batteries. When you combine extra Modular Insert Pak inserts with those that come with the CellVault-5M Modular Battery Storage Case, the possibilities are almost endless. Need to run ten CR123s? You can do that. How about four 18650s and two CR123s? Yup. You can also keep batteries staged outside the CellVault-5M and quickly swap them into the case to match your mission. The CellVault-5M Modular Battery Storage Case is not included when you buy any Insert Pak. Thyrm does not include batteries in any purchased products.

Attributes

Safety Instruction Guide for MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M

Introduction

Thank you for purchasing the MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide thoroughly before using the product to maximize safety and performance.

General Safety Guidelines

- Ensure that the MODULAR BATTERY INSERT PAK is used only with the CellVault5M Modular Battery Storage Case.
- Always handle batteries with care to prevent leaks, corrosion, or damage.
- Store batteries in a cool, dry place, away from direct sunlight and heat sources.
- Keep batteries out of reach of children to prevent accidental ingestion or misuse.
- Regularly inspect batteries for any signs of damage, swelling, or leakage. Dispose of any damaged batteries immediately.
- Do not mix different types of batteries (e.g., alkaline, lithium) in the same insert.
- Follow the manufacturer's guidelines for battery compatibility and usage.

Specific Safety Precautions for Use

- Use only batteries recommended by Thyrm for use with the CellVault5M Modular Battery Storage Case.
- Do not expose batteries to water or other liquids. Moisture can cause short circuits and battery failure.
- Avoid dropping or puncturing batteries, as this can lead to leaks or explosions.
- If a battery is leaking, avoid contact with the liquid. Wear gloves and dispose of the battery properly.
- Do not attempt to recharge nonrechargeable batteries.
- Be cautious when handling batteries that are hot or have been in use for a long time.

Instructions for Installation and Usage

1. Preparing the CellVault5M:

- Ensure the CellVault5M Modular Battery Storage Case is clean and dry before inserting batteries.
- Open the case by following the manufacturer's instructions.

2. Inserting Batteries:

- Identify the type of batteries you will be using (AA, AAA, CR123/16650, 18350, 18650, or 1632).
- Insert the batteries into the appropriate modular inserts, ensuring correct polarity (+/-).
- Place the modular inserts into the CellVault5M as per the user manual.

3. Using the CellVault5M:

- Close the CellVault5M securely after inserting the batteries.
- If you need to swap batteries, open the case and carefully remove the used batteries.
- Replace with fresh batteries as needed, ensuring correct orientation.

4. Storing Batteries:

- When not in use, keep the CellVault5M closed and stored in a safe location.
- If you have extra batteries, store them in a designated area away from heat and moisture.

Disposal Instructions

- Dispose of batteries according to local regulations. Many areas have specific guidelines for battery disposal.
- Do not dispose of batteries in household waste. Instead, use designated battery recycling facilities.
- If the product or its components are damaged beyond use, follow local electronic waste disposal guidelines.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M, please refer to the contact information provided on the product packaging or visit the official Thyrm website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the MODULAR BATTERY INSERT PAK FOR CELLVAULT 5M. Always prioritize safety and remain informed about best practices for battery handling and storage. Thank you for choosing Thyrm products.
