LAW ALIGNMENT TOOL (LAT) Safety Instructions

Introduction

Thank you for choosing the LAW Alignment Tool (LAT) from LAW Tactical LLC. This guide provides essential safety instructions and guidelines to ensure the safe use of the LAT with AR15 and AR308 rifles. Please read and understand all instructions before using the product.

General Safety Guidelines

- Ensure safe use of the LAW Alignment Tool by following all instructions carefully.
- Always inspect the tool before use for any signs of damage or wear.
- Use the LAT only for its intended purpose as specified in this manual.
- Keep the tool out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to appropriate authorities immediately.
- Stay informed about product recalls and safety updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the LAW Alignment Tool in a wellventilated area to avoid inhaling any fumes or particles.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while using the tool.
- Do not exceed the recommended torque specifications when tightening components.
- Ensure that the buffer tube is securely fastened and aligned before proceeding with any installation or maintenance.
- Avoid using the tool with damaged or incompatible components to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components, including the LAW Alignment Tool, buffer tube vice block (Geissele Reaction Block recommended), and any other required tools.
- Ensure the firearm is unloaded and in a safe condition before starting any work.

2. Using the LAW Alignment Tool:

- Place the LAT onto the lower receiver, ensuring it fits securely.
- Align the receiver extension (buffer tube) with the LAT to maintain proper alignment.
- Use the nylon bolts provided to secure the LAT in place, preventing any rotation during installation or maintenance.
- When loosening or tightening the castle nut, ensure that the LAT remains in place to maintain alignment.

3. Completion:

- Once installation or maintenance is complete, carefully remove the LAT and inspect the work done.
- Ensure all components are securely fastened and the firearm is in proper working order before use.

Disposal Instructions

- Dispose of the LAW Alignment Tool in accordance with local regulations.
- If the tool is damaged beyond repair, consider recycling the aluminum components where possible.

Contact Information for Further Support

For any questions or support regarding the LAW Alignment Tool, please refer to the contact information provided on the product packaging or visit our website.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the LAW Alignment Tool. Thank you for your attention to safety.
