

410 BORE GAS CYLINDER FOR REMINGTON 1100

REMINGTON 410 BORE GAS CYLINDER FOR REMINGTON 1100 Restore the legendary smooth-cycling performance of your Remington 1100 .410-gauge shotgun with this factory-original gas cylinder. Engineered to meet Remington's exact specifications, this component is essential for reliable gas-operated function—especially on the lightweight, soft-recoiling .410-bore 1100 models. **FEATURES** Genuine Remington OEM Part: Designed specifically for the gas-operated Remington 1100 system, ensuring true factory fit and dependable autoloading performance. Calibrated for .410 Gauge Cycling: Supports the unique gas requirements of the .410-bore 1100 Sporting and LW variants, known for producing the softest recoil and smoothest cycling among autoloading shotguns. Durable Steel Construction: Built to withstand sustained shooting sessions common in clay sports and training environments. Critical Gas-System Component: Helps regulate pressure, reduce recoil, and enable consistent shell ejection and feeding—core traits of the 1100 platform's reliability. **NOTE:** These Gas Cylinders are a new, authentic Remington products acquired directly from Remington's OEM inventory. This item is guaranteed to be unused and fully functional.

Safety Instruction Guide for 410 BORE GAS CYLINDER FOR REMINGTON 1100

Introduction

Thank you for choosing the 410 Bore Gas Cylinder for your Remington 1100 shotgun. This guide provides essential safety instructions and usage information to ensure safe operation and maintenance of your firearm. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that all firearms are handled with care and respect.
- Always treat your firearm as if it is loaded.
- Keep your firearm in a safe and secure location, away from children and unauthorized users.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Regularly inspect your firearm and its components for signs of wear or damage.
- Use only manufacturerapproved parts and accessories for your Remington 1100 shotgun.

Specific Safety Precautions for Use

- Only use the 410 Bore Gas Cylinder with the Remington 1100 shotgun model.
- Ensure that the firearm is unloaded before installing or replacing the gas cylinder.
- Wear appropriate eye and ear protection when firing your shotgun.
- Be aware of your surroundings and ensure that you have a safe and appropriate shooting environment.
- Do not attempt to modify or alter the gas cylinder in any way.
- If you experience any malfunctions or irregularities during use, cease operation immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure that the shotgun is unloaded and pointed in a safe direction.
- Gather necessary tools: a screwdriver and any other tools recommended in the Remington 1100 manual.

2. Installation of the Gas Cylinder

- Remove the existing gas cylinder by unscrewing it from the shotgun.
- Clean the area where the gas cylinder is installed to remove any debris or residue.
- Align the new gas cylinder with the installation point and screw it in securely.
- Ensure that it is tightened according to the manufacturer's specifications without overtightening.

3. Usage of the Shotgun

- Load the shotgun according to the manufacturer's instructions.
- Ensure that the gas system is functioning correctly by performing a function check before firing.
- Fire the shotgun in a controlled manner, observing all safety precautions.

4. PostUse Maintenance

- Clean the gas cylinder and surrounding areas after each use to maintain performance.
- Inspect the gas cylinder regularly for any signs of wear or damage and replace if necessary.

Disposal Instructions

- Dispose of any defective or unused gas cylinders in accordance with local regulations.
- Do not throw away in regular household waste.
- Contact your local waste disposal authority for guidance on proper disposal methods for firearm components.

Contact Information for Further Support

For safety inquiries or assistance regarding your 410 Bore Gas Cylinder for Remington 1100, please consult the official Remington website or contact your local Remington dealer.

By following these guidelines, you can ensure safe and effective use of your Remington 1100 shotgun with the new gas cylinder. Always prioritize safety and responsible firearm handling.
