Safety Instruction Guide for WILSON 50Round Reloading Trays

Introduction

Thank you for choosing the WILSON 50Round Reloading Tray from L.E. WILSON, INC. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your reloading tray. Please read this document carefully to familiarize yourself with the product and its safe handling.

General Safety Guidelines

- Always use the reloading tray in a wellventilated area to avoid inhaling any dust or fumes from reloading materials.
- Keep the reloading tray out of reach of children and pets to prevent accidents.
- Inspect the tray before each use for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the handling and storage of ammunition components.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.

Specific Safety Precautions for Use

- Ensure that the tray is placed on a stable and flat surface to prevent tipping during use.
- Do not overload the tray beyond its 50round capacity to maintain stability and ease of access.
- Avoid using solvents or chemicals that may not be compatible with HDPE plastic when cleaning the tray.
- Store the tray in a cool, dry place away from direct sunlight to maintain its integrity.
- When handling bullets or primers, be cautious of static electricity and ensure proper grounding if necessary.

Instructions for Installation and Usage

1. Setup:

- Remove the reloading tray from the packaging.
- Place the tray on a flat and stable surface.

2. Loading Cases:

- Align the cases with the appropriate caliberspecific holes in the tray.
- Gently press the cases into the holes until they are securely seated.
- Ensure that cases are not forced into holes to avoid damage to the tray or cases.

3. Using the Integrated Bullet/Primer Cup:

- Utilize the integrated bullet/primer cup for storing components during case preparation.
- Keep the cup clean and free from debris to ensure proper organization.

4. Cleaning and Maintenance:

- Clean the tray using mild soap and water. Avoid abrasive cleaners that may scratch the surface.
- Dry the tray thoroughly before storing to prevent moisture accumulation.

5. Storage:

- Store the reloading tray in a safe location, preferably in its original packaging or a protective case.

- Ensure that the storage area is free from extreme temperatures and humidity.

Disposal Instructions

- When disposing of the reloading tray, follow local regulations for plastic disposal.
- If the tray is damaged beyond repair, consider recycling it if possible.
- Do not dispose of the tray in a manner that could pose a risk to the environment or public safety.

Contact Information for Further Support

For any inquiries regarding the safety and use of the WILSON 50Round Reloading Tray, please refer to the product packaging for the appropriate contact details.

By adhering to these safety instructions, you can ensure a safe and efficient reloading experience. Thank you for choosing L.E. WILSON, INC.
