Safety Instruction Guide for PROBORE FLUSH CHOKE TUBES FOR REMINGTON VERSA MAX

Introduction

Thank you for choosing the ProBore Flush Choke Tube for your Remington Versa Max shotgun. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your choke tube. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you have read and understood all safety instructions before using the choke tube.
- Always handle firearms with care and follow the basic rules of firearm safety.
- Keep the choke tube and all firearms out of reach of children and unauthorized users.
- Regularly inspect your choke tube for any signs of wear or damage before use.
- Only use the choke tube designed specifically for the Remington Versa Max model to ensure proper fit and performance.
- Be aware of your surroundings when shooting and ensure a safe environment for yourself and others.

Specific Safety Precautions for Use

- Always ensure that the shotgun is unloaded when installing or removing the choke tube.
- Use appropriate eye and ear protection when shooting.
- Do not modify the choke tube or attempt to use it in a manner not specified by the manufacturer.
- Be aware of the type of ammunition you are using, as certain types may be unsuitable for use with this choke tube.
- If you experience any unusual performance or malfunctions, discontinue use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure the shotgun is unloaded and pointed in a safe direction.
2. Use the appropriate tools (if necessary) to remove the existing choke tube from the shotgun.
3. Clean the threads of the choke tube and the shotgun barrel to ensure a proper fit.
4. Carefully screw the ProBore Flush Choke Tube into the shotgun barrel by hand until it is snug. Do not overtighten.
5. If applicable, use a choke wrench to secure the choke tube in place, following the manufacturer's guidelines.

Usage

- Once installed, confirm that the choke tube is secure before firing the shotgun.
- Use the choke tube in accordance with the intended shooting applications (e.g., hunting, recreational shooting).
- Regularly check the choke tube for any signs of loosening or damage during extended use.

Disposal Instructions

- Dispose of the choke tube in accordance with local regulations regarding metal products.
- Do not dispose of the choke tube in regular household waste. Instead, take it to a recycling center or hazardous waste facility if applicable.

Contact Information for Further Support

For safety inquiries or additional information about the ProBore Flush Choke Tube, please consult the manufacturer's official website or contact your local Remington dealer.

By following these guidelines, you can ensure the safe and effective use of your ProBore Flush Choke Tube. Always prioritize safety and responsible handling of firearms. Thank you for your attention to these important instructions.
