# Safety Instruction Guide for Remington 700 Alpha One Extractor

## Introduction

Thank you for choosing the Standard Caliber Extractor for the Remington 700 Alpha One. This guide provides essential safety information and instructions to ensure safe and effective use of the extractor. Please read this guide thoroughly before installation and usage.

## General Safety Guidelines

- Ensure safe handling of all firearm components, including the extractor.
- Always follow the manufacturer's instructions when using or installing firearms and their components.
- Keep the extractor and all firearm components out of reach of children and unauthorized individuals.
- Regularly check for any signs of wear or damage to the extractor and other firearm parts.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always handle firearms responsibly and in a safe environment.
- Before installation, ensure the firearm is unloaded and the safety is engaged.
- Wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Do not attempt to modify the extractor or any other firearm components.
- Ensure the extractor is compatible with your Remington 700 Alpha One model.
- Do not use the extractor if it shows signs of damage or wear.
- Follow all local laws and regulations regarding firearms and their components.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is unloaded and the safety is engaged.
- Gather necessary tools, such as screwdrivers and cleaning supplies.

### 2. Installation

- Remove the bolt from the Remington 700 Alpha One by following the manufacturer's instructions.
- Carefully remove the old extractor, taking care not to damage surrounding components.
- Install the new extractor by aligning it with the cartridge rim engagement area.
- Ensure the extractor is seated correctly and securely in place.
- Reassemble the bolt and ensure all components are functioning correctly before reinstallation.

### 3. Usage

- Regularly inspect the extractor and other components for signs of wear or damage.
- Clean the extractor periodically to maintain optimal performance.
- Ensure proper engagement with the cartridge rim during operation for reliable extraction.

## Disposal Instructions

- Dispose of the extractor and any associated packaging materials in accordance with local regulations.
- If the extractor is damaged or no longer in use, do not throw it in regular trash. Instead, follow local

hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided with your product. Ensure that you have the model and serial number available for any support requests.

By following these guidelines and instructions, you can ensure the safe and effective use of the Standard Caliber Extractor for the Remington 700 Alpha One. Thank you for prioritizing safety in your firearm practices.
