

ROMAD ASSAULT COMMS PACK - EBERLESTOCK ROMAD PACK COYOTE BROWN

EBERLESTOCK ROMAD ASSAULT COMMS PACK ROMAD is a lightweight, compact, and highly versatile comms assault pack that was tested and refined on deployment. Smaller than legacy radio packs like the FAC Track, ROMAD's streamlined design reduces your profile while providing enough room for sustainment and extra gear. These same design choices make ROMAD equally capable on the trail, at the range, or as a bugout bag. ROMAD is intentionally sized to fit communications systems like the PRC117 and has internal loop MOLLE webbing for securing additional accessories like radio pouches, Velcro holsters, or mag pouches. Locking zippers along the comms port give in-field security and work as a first line of defense against the elements. Accessing the internals is quick and straightforward, thanks to a full-length U-shaped opening that runs from top to bottom. This design feature lets you rapidly retrieve gear without having to blindly feel your way around the pack. A separate, dedicated hydration sleeve keeps liquids away from sensitive equipment, clothing, or other gear in the pack's main compartment. On the pack's exterior, you'll find two zippered organizational pockets. The top pocket is perfect for grab-and-go essentials, and the bottom has padding for NODs or hearing protection. ROMAD's internal HDPE frame adds structure and support for heavier loads, and ergonomic air-mesh padding provides all-day comfort and ventilation with or without a plate carrier. MOLLE webbing along the entire shoulder harness keeps cables secure and protected, reducing snags and giving you a place to route hydration system hoses. When working in confined spaces like vehicles, helicopters, and watercraft, ROMAD's slim profile promotes maneuverability. This makes ROMAD a fantastic choice for carry-on travel or transport from field work to the gym. Extensive MOLLE webbing across all external surfaces allows ROMAD to expand with the addition of MOLLE-compatible accessories, allowing you to prioritize sustainment and scale up or down from there depending on the mission.

Safety Instruction Guide for EBERLESTOCK ROMAD ASSAULT COMMS PACK

Introduction

Thank you for choosing the EBERLESTOCK ROMAD ASSAULT COMMS PACK. This guide provides essential safety instructions to ensure the safe use of your product. Please read this document carefully before using the pack to maximize your safety and the pack's performance.

General Safety Guidelines

- **Product Safety:** Always ensure that the pack is used in accordance with the manufacturer's instructions to avoid accidents and injuries.
- **Enhanced Recalls:** Be aware that if any safety issues arise with the product, standardized recall notices will be provided. Follow the instructions for returning or remedying the product as needed.
- **Online Shopping:** When purchasing online, ensure that the platform complies with safety regulations similar to those found in physical stores.
- **Consumer Focus:** Extra care should be taken when the product is used by vulnerable groups, such as children. Ensure that they are supervised when using the pack.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided with your product packaging.
- **Rapid Alerts:** Stay informed about any safety updates or alerts regarding the product by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Ensure that the pack is not overloaded beyond its weight capacity of 3lb 1oz.
 - Avoid using the pack in extreme weather conditions without proper precautions, as locking zippers may not fully protect against heavy rain or snow.
 - Be cautious when accessing internal compartments to avoid pinching fingers or damaging equipment.
- **Avoiding Hazards:**
 - Always secure all zippers and compartments before moving to prevent accidental openings.
 - Check that all MOLLE attachments are properly secured before use to prevent loss of accessories.
 - Regularly inspect the pack for any signs of wear or damage. Replace or repair as necessary to maintain safety.
- **AgeSpecific Warnings:**
 - This product is not intended for children under the age of 12 without adult supervision.
 - Ensure that younger users understand the importance of using the pack safely and responsibly.

Instructions for Installation and Usage

- **Installation:**
 - Attach any MOLLEcompatible accessories securely to the designated webbing.
 - Ensure that the hydration bladder is properly placed in the dedicated sleeve to prevent leaks.

- **Usage:**

- When wearing the pack, adjust the shoulder straps for a comfortable fit to avoid strain.
- Use the cable management system to keep hydration hoses and communication cables organized and out of the way.
- Access the hydration port and comms port as needed without removing the pack by utilizing the designated openings.

- **Maintenance:**

- Clean the pack with a damp cloth and mild detergent as needed. Avoid using harsh chemicals that may damage the fabric.
- Store the pack in a cool, dry place when not in use to prevent mold and deterioration.

Disposal Instructions

- **Disposal:**

- When disposing of the pack, follow local regulations for textile waste.
- If the pack is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the pack in regular household waste if it contains electronic components.
