

TWS365 CONVERSION SYSTEM SIG SAUER P365 TO PDW - TYRANT CNC TWS365 CONVERSION SYSTEM SIG SAUER P365 TO PDW BRONZE

TYRANT CNC TWS365 CONVERSION SYSTEM SIG SAUER P365 TO PDW The Tyrant Weapon System 365 (TWS365) converts your Sig Sauer P365 into a compact, modular PDW. Featuring a spring-loaded folding brace, removable blast shield, and dual-magazine system, the TWS365 delivers unmatched versatility and control in a lightweight chassis all while carrying 42+1 rounds of ammunition. One year ago, Tyrant's engineering team began a need-to-know only project code-named TWS365. The mission: design the smallest, most versatile PDW/PCC chassis ever created for the Sig Sauer P365 platform. It had to be lightweight yet durable, adaptable yet simple, and built to rival the ruggedness of legendary PDWs like the MP5 — without sacrificing concealability or cost-effectiveness. The result is the Tyrant Weapon System 365 (TWS365), a purpose-built chassis that transforms your P365 into a compact PDW weapon system. It is the single most ambitious project their team has ever undertaken — a fusion of aerospace-inspired engineering, modern ergonomics, and battle-ready durability. **ENGINEERED WITH PURPOSE** Every component of the TWS365 was designed to be modular, serviceable, and intuitive to use. By blending polymer for ergonomics and aluminum for strength, they created a system that balances weight savings with unmatched rigidity — built to last a lifetime of hard use. **Removable Aluminum Blast Shield with Bottom Picatinny** – Controls muzzle blast and provides accessory space for lights, lasers, or more. **Spring-Loaded Side-Folding Brace (Patent Pending)** – Self-actuated and precision-milled from aluminum, it deploys instantly with rear button actuation and folds flush when stowed. The brace can be activated by depressing the rear-mounted lever with your thumb or the top of the hand when grabbing the TWS. **Removable Magazine Holder with Ambidextrous Release** – Dual-magazine system allows faster reloads with AR-15 style controls. Designed for primary-hand operation: thumb for the pistol grip mag, index finger for the magazine holder release, or both for a dual drop. Carry's 2 XMacro/Fuse magazines for a total of 42+1 rounds of ammunition on system. **Rear-Mounted Picatinny Rail** – Ready for the brace or future expansions. **Hybrid Chassis Construction (Patent Pending)** – Aluminum receiver for strength, polymer grip and magazine holder for comfort and weight reduction. **Tool Steel & Stainless Components** – Self-captured pins, annealed springs, and interlocking geometry ensure reliability and endurance under extreme use. **DESIGNED FOR THE MODERN OPERATOR** The TWS365 was engineered for control, speed, and adaptability: Optimized ergonomics allow operators to manipulate the system entirely with their primary hand — from brace deployment to magazine changes. Brace geometry ensures a natural line of sight with a red dot optic, eliminating awkward craning. Barrel compatibility from 3.1" to 6" — runs compensated, suppressed, or standard. Serviceable by design, with familiar AR-style controls and fail-safe mating geometry between polymer and aluminum. Industry feedback and aerospace fastening techniques influenced every step of design, making the TWS365 purpose-built for today's defense-minded shooter. **SPECS** Material: 7075 aluminum (anodized), proprietary polymer blend (same as Tyrant P365 XMacro grips) Weight: 11 oz Patent-Pending Features: Folding brace, hybrid chassis system Compatibility: P365 barrels 3.1"-6", standard, compensated, or suppressed **WHY THE TWS365 STANDS APART** Tyrant CNC went through 30+ iterations of design, each tested and refined until the TWS365 met Tyrant's standards for innovation and durability. Their goal was to create a compact

PDW chassis that wasn't just an accessory, but a modern tool for the modern operator — a weapon system built to outlast its owners. The TWS365 is more than a chassis. It's the culmination of Tyrant CNC's innovation, ingenuity, and manufacturing capabilities, brought together in one groundbreaking platform. Upgrade Your Sig Sauer P365 into the Ultimate PDW Order now and experience the best-ever modular PDW chassis for the Sig Sauer P365 — engineered for control, built for durability, and ready for the modern operator.

Attributes

- Name: TYRANT CNC TWS365 CONVERSION SYSTEM SIG SAUER P365 TO PDW BRONZE
- Manufacturer: TYRANT CNC
- Product no.: 430118501
- Mfr. No.: TD-P365TWS-BB
- Model: P365
- Weapon type: Sig Sauer
- Delivery weight: 0.454kg
- Shipping height: 76mm
- Shipping width: 102mm
- Shipping length: 356mm
- UPC: 764046033902

Item details

Made in USA

Sicherheitshinweise für das TWS365 CONVERSION SYSTEM

Einführung

Herzlichen Glückwunsch zu deinem Kauf des TYRANT CNC TWS365 CONVERSION SYSTEM für die Sig Sauer P365! Dieses Produkt bietet eine innovative Lösung zur Umwandlung deiner Sig Sauer P365 in ein kompaktes, modulares PDWSystem. Um sicherzustellen, dass du das Produkt sicher und effektiv nutzt, befolge bitte die folgenden Sicherheitshinweise und Anweisungen.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass das Produkt für deinen persönlichen Gebrauch geeignet ist.
- Verwende das Produkt nur gemäß den Anweisungen in dieser Anleitung.
- Halte das Produkt außerhalb der Reichweite von Kindern und schütze es vor unbefugtem Zugriff.
- Überprüfe das Produkt regelmäßig auf Beschädigungen oder Abnutzungserscheinungen.
- Melde unsichere Produkte oder Vorfälle den zuständigen Behörden.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- Achte darauf, dass alle Teile des TWS365 korrekt montiert sind, bevor du das System benutzt.
- Verwende nur kompatible Zubehörteile und Munition, um die Sicherheit und Funktionalität zu gewährleisten.
- Halte das System während des Gebrauchs in einem sicheren und stabilen Zustand.
- Verwende das Produkt nicht unter dem Einfluss von Alkohol oder Drogen.
- Sei dir bewusst, dass der Gebrauch von Feuerwaffen immer mit Risiken verbunden ist. Handle verantwortungsbewusst.

Anweisungen für Installation und Nutzung

1. Vorbereitung:

- Stelle sicher, dass du alle Teile des TWS365 CONVERSION SYSTEMS und die benötigten Werkzeuge zur Hand hast.
- Lies die Bedienungsanleitung sorgfältig durch, bevor du mit der Installation beginnst.

2. Installation:

- Entferne die vorhandenen Teile der Sig Sauer P365 gemäß den Herstelleranweisungen.
- Montiere das TWS365System auf der Sig Sauer P365, indem du die mitgelieferten Befestigungen verwendest.
- Überprüfe alle Verbindungen auf festen Sitz und Stabilität.

3. Nutzung:

- Stelle sicher, dass das System korrekt montiert ist, bevor du die Waffe benutzt.
- Lade die Waffe gemäß den Sicherheitsrichtlinien und verwende das DualMagazinSystem für schnellere Nachladevorgänge.
- Achte darauf, dass der Blast Shield korrekt installiert ist, um den Mündungsblitz zu kontrollieren.

Entsorgungsanweisungen

- Entsorge das Produkt gemäß den örtlichen Vorschriften für die Entsorgung von Elektro und Elektronikgeräten.
- Teile, die nicht mehr verwendet werden, sollten sicher verwahrt oder gemäß den geltenden Gesetzen entsorgt werden.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Bedenken bezüglich der Sicherheit und Nutzung des TWS365 CONVERSION SYSTEMS, wende dich bitte an den Hersteller oder den Händler, bei dem du das Produkt erworben hast.

Bitte beachte, dass die Einhaltung dieser Sicherheitshinweise entscheidend ist, um die Sicherheit aller Benutzer zu gewährleisten. Verwende das TWS365 CONVERSION SYSTEM stets verantwortungsvoll und genieße die Vorteile, die es dir bietet!

Safety Instruction Guide for TWS365 Conversion System

Introduction

Thank you for choosing the TWS365 Conversion System for your Sig Sauer P365. This guide provides essential safety instructions and information to ensure the safe use of your product. The TWS365 is designed to convert your P365 into a compact, modular PDW while prioritizing user safety and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure that the TWS365 is used according to the guidelines provided in this manual. Improper use may result in injury or damage to the product.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to the TWS365. You can check for updates on the EU's Safety Gate platform.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements and provides accurate product information.
- **Special Consumer Focus:** Keep the TWS365 out of reach of children and vulnerable individuals. This product is intended for use by responsible adults.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided with your product.
- **Rapid Alerts:** Be aware that updates regarding unsafe products will be communicated through the Safety Gate system.

Specific Safety Precautions for Use

- **Age Restrictions:** The TWS365 is intended for use by individuals aged 18 and older. Ensure that all users meet this age requirement.
- **Training:** Only use the TWS365 if you have received proper training in handling firearms and firearm accessories. Familiarize yourself with the features and operation of the system before use.
- **Protective Gear:** Always wear appropriate protective gear, including eye and ear protection, when using the TWS365.
- **Environment:** Use the TWS365 in a safe and controlled environment. Ensure that the area is free from unauthorized individuals and potential hazards.
- **Regular Inspections:** Frequently inspect the TWS365 for any signs of wear, damage, or malfunction. Do not use the system if it is damaged.
- **Avoid Modifications:** Do not modify the TWS365 in any way that is not approved by the manufacturer. Unauthorized modifications can compromise safety and performance.

Instructions for Installation and Usage

Installation

1. **Read the Manual:** Before installation, thoroughly read this manual to understand the components and assembly process.
2. **Assemble the Chassis:** Follow the manufacturer's instructions to properly assemble the TWS365 chassis with your Sig Sauer P365.
3. **Secure Connections:** Ensure that all components are securely fastened and that there are no loose parts.
4. **Check Compatibility:** Verify that the barrel of your P365 is compatible with the TWS365 system (barrel lengths of 3.1" to 6" are acceptable).

Usage

1. **Loading Ammunition:** Ensure that the firearm is unloaded before attaching or detaching magazines. Follow safe loading practices.
2. **Brace Deployment:** To deploy the springloaded sidefolding brace, press the rear button and allow it to extend fully. Make sure it locks into place before use.
3. **Magazine Changes:** Use the ambidextrous magazine holder for quick magazine changes. Familiarize yourself with the dualmagazine system for efficient reloading.
4. **Shooting Position:** Maintain a stable shooting position and ensure proper grip on the firearm while using the TWS365.
5. **PostUse Inspection:** After use, inspect the TWS365 for any signs of wear or damage. Clean and maintain the system according to the manufacturer's recommendations.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the TWS365 and any associated components in accordance with local regulations. Do not dispose of in regular household waste.
- **Recycling:** If possible, recycle materials such as aluminum and polymer according to local recycling guidelines.
- **Hazardous Materials:** If any components are deemed hazardous, follow the specific disposal instructions provided by your local waste management authority.

Contact Information for Further Support

For any questions or concerns regarding the TWS365 Conversion System, please refer to the manufacturer's contact information provided with your product. Always ensure that you have the latest safety information and guidelines.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your TWS365 Conversion System. Thank you for your attention to safety.

Guida alle Istruzioni di Sicurezza per il TWS365 Conversion System

Introduzione

Grazie per aver scelto il TWS365 Conversion System per il tuo Sig Sauer P365. Questo sistema è progettato per trasformare il tuo P365 in un'arma PDW compatta e versatile. È fondamentale seguire le istruzioni di sicurezza per garantire un utilizzo sicuro e responsabile del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati di leggere attentamente tutte le istruzioni prima dell'uso.
- Conserva il manuale per future consultazioni.
- Non utilizzare il prodotto se presenta segni di danno o usura.
- Tieni il prodotto lontano dalla portata dei bambini e di gruppi vulnerabili.
- Segnala eventuali prodotti non sicuri o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Utilizza il TWS365 Conversion System solo con il modello Sig Sauer P365.
- Prima di ogni utilizzo, controlla che il sistema sia montato correttamente e che non ci siano parti allentate.
- Non tentare di modificare o riparare il prodotto senza l'assistenza di un professionista qualificato.
- Indossa sempre occhiali protettivi quando utilizzi il sistema.
- Non puntare mai l'arma verso persone o animali, anche se si ritiene che sia scarica.
- Evita di utilizzare il sistema in condizioni meteorologiche avverse che potrebbero compromettere la tua sicurezza.

Istruzioni per l'Installazione e l'Uso

Installazione

1. Rimuovi il caricatore dal Sig Sauer P365 e assicurati che l'arma sia scarica.
2. Segui le istruzioni specifiche per il montaggio del TWS365 Conversion System, assicurandoti che tutte le parti siano fissate saldamente.
3. Controlla il supporto pieghevole a molla e assicurati che funzioni correttamente prima dell'uso.

Uso

- Attiva il supporto pieghevole a molla premendo il pulsante posteriore.
- Utilizza il sistema a doppio caricatore per ricariche più veloci.
- Assicurati di avere una linea di vista chiara quando utilizzi l'ottica a punto rosso.
- Controlla regolarmente il sistema per eventuali segni di usura o danni.

Istruzioni per lo Smaltimento

- Segui le normative locali per lo smaltimento del prodotto e dei materiali di imballaggio.
- Non smaltire il prodotto in modo improprio; considera il riciclo dei materiali quando possibile.
- Rivolgiti a un centro di raccolta autorizzato per il corretto smaltimento delle parti metalliche e plastiche.

Informazioni di Contatto per Ulteriore Supporto

Per domande o preoccupazioni relative alla sicurezza del prodotto, contatta il tuo rivenditore o un servizio di

assistenza clienti autorizzato. Assicuratevi di avere a disposizione il numero di modello e la prova di acquisto.

Seguire queste istruzioni di sicurezza contribuirà a garantire un utilizzo sicuro e responsabile del TWS365 Conversion System. Grazie per la tua attenzione e per aver scelto il nostro prodotto.
