

THIN BAR SUPREME APPENDIX BELT - NEXBELT THIN BAR SUPREME APPENDIX BELT COYOTE

NEXBELT THIN BAR SUPREME APPENDIX BELT Nexbelt designed the Thin Bar belt specifically for the appendix carrier. With its compact buckle design and incredibly adjustable latch system, you'll have enough room to carry your protection device and even extra magazines upfront comfortably. The buckle can be worn front and center, on your left or right hip, or hidden near the back curve. That same flexible design also allows the CCW and belt to move with you throughout the day. This key feature limits the jabbing common to most appendix-carry belts while maintaining your protection device's total security.

With a new push-button trigger, the release is quick and easy when needed but still firm when on the go. Though Nexbelt designed it for appendix carry, this belt's versatility and sturdiness allow the person to switch to OWB or IWB on the hip. Nexbelt's nylon straps are made from a super-high-density microfiber material, an advanced composite of ultra-fine polyester fibers. This allows the stiffness required for holstering your protection device if you have a CCW permit or just your everyday tools. This ratchet belt also makes a great work belt. **FEATURES** The flexible design allows for supreme comfort Compact yet rugged buckle design The new push-button trigger for easy release without sacrificing security Buckle Specs: Granite Black – Powder-coated textured for increased wear resistance Has 3 set screws for a more reliable hold Constructed using stainless steel set screws and not pins for a reliable hold (patent pending) Belt Buckle size: 1 ½ x 1 11/16" Strap: The backing is sweat-resistant Strap thickness near 3/16" The strap width is 1 ½" The nylon strap fits up to 50" waist Strap Color: Black

Introduzione

Grazie per aver scelto la cintura THIN BAR SUPREME APPENDIX BELT di NEXBELT. Questa cintura è progettata per offrire un trasporto confortevole e sicuro per il tuo dispositivo di protezione. È importante leggere attentamente queste istruzioni di sicurezza per garantire un uso corretto e sicuro del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati che la cintura sia indossata correttamente e che la fibbia sia ben fissata.
- Controlla regolarmente la cintura per eventuali segni di usura o danni.
- Non utilizzare la cintura se presenta danni visibili o se la fibbia non si chiude correttamente.
- Evita di sovraccaricare la cintura con oggetti che potrebbero compromettere la sua integrità o sicurezza.
- Tieni la cintura lontana dalla portata dei bambini per prevenire incidenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Indossa la fibbia al centro, sul fianco sinistro o destro, o nascosta vicino alla curva posteriore per ottimizzare il comfort.
- Assicurati che il pulsante di rilascio funzioni correttamente prima di utilizzare la cintura.
- Quando utilizzi la cintura per il trasporto di un dispositivo di protezione, verifica che sia ben posizionato e sicuro.
- Non utilizzare la cintura in situazioni che richiedono un supporto aggiuntivo o una protezione supplementare.
- In caso di emergenza, rimuovi rapidamente la cintura utilizzando il pulsante di rilascio.

Istruzioni per l'Installazione e l'Uso

1. Indossare la cintura:

- Inserisci la cinghia attraverso i passanti dei pantaloni.
- Regola la lunghezza della cinghia in base alla tua misura.
- Fissa la fibbia in posizione e verifica che sia salda.

2. Regolazione della fibbia:

- Per regolare la fibbia, allenta le viti di fissaggio se necessario.
- Assicurati che la fibbia sia ben fissata prima di indossare la cintura.

3. Rimozione della cintura:

- Premi il pulsante di rilascio per rimuovere la cintura in modo rapido e semplice.

Istruzioni per lo Smaltimento

- Quando la cintura non è più utilizzabile, smaltiscila seguendo le normative locali per i rifiuti tessili e plastici.
- Non abbandonare la cintura nell'ambiente; assicurati di smaltirla in modo responsabile.
