

GRIP INSERTS - RANSOM GRIP INSERTS FOR BERETTA 9000

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR BERETTA 9000
- Manufacturer: RANSOM
- Product no.: 430119298
- Mfr. No.: 30-300-03-08
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132580239

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die RANSOM GRIP INSERTS für BERETTA 9000

Einführung

Herzlichen Glückwunsch zu deinem Kauf der RANSOM GRIP INSERTS! Diese Inserts sind speziell entwickelt, um die Präzision deiner Schießübungen zu maximieren und gleichzeitig Schäden an deinem Gewehr zu vermeiden. Bitte lese die folgenden Sicherheitshinweise sorgfältig durch, um sicherzustellen, dass du die Inserts sicher und effektiv verwendest.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Inserts nur gemäß den Anweisungen verwendest.
- Überprüfe regelmäßig die Inserts auf Beschädigungen oder Abnutzungserscheinungen.
- Halte die Inserts und das Gewehr außerhalb der Reichweite von Kindern und anderen unbefugten Personen.
- Berücksichtige, dass harte Inserts oder 3Dgedruckte Inserts nicht verwendet werden sollten, da sie potenziell gefährlich sind.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Verwende die RANSOM GRIP INSERTS nur mit dem Master Series Ransom Rest.
- Achte darauf, dass die Inserts korrekt installiert sind, um ihre volle Funktionalität zu gewährleisten.
- Vermeide den Einsatz von harten oder 3Dgedruckten Inserts, da diese die Rückstoßenergie nicht korrekt absorbieren und zu Schäden führen können.
- Teste die Inserts in einer sicheren Umgebung, wo du dich und andere nicht gefährdest.

Anweisungen zur Installation und Verwendung

1. Installation der Inserts:

- Entferne die bestehenden Inserts aus dem Ransom Rest.
- Setze die RANSOM GRIP INSERTS vorsichtig in die vorgesehenen Fächer ein.
- Stelle sicher, dass die Inserts fest sitzen und keine Bewegungsspielräume haben.

2. Verwendung des Ransom Rest:

- Platziere das Gewehr sicher im Ransom Rest.
- Achte darauf, dass die Inserts die Rückstoßenergie korrekt absorbieren.
- Überwache während des Schießens die Leistung der Inserts und achte auf Anzeichen von Verschleiß.

3. Wartung:

- Reinige die Inserts regelmäßig, um Schmutz und Ablagerungen zu entfernen.
- Überprüfe die Inserts auf Risse oder andere Beschädigungen vor jedem Gebrauch.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoffen.
- Stelle sicher, dass keine Teile in die Umwelt gelangen, die schädlich sein könnten.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Unterstützung zu den RANSOM GRIP INSERTS, wende dich bitte an den Hersteller oder deinen Händler. Achte darauf, dass du die Sicherheitshinweise und Anleitungen befolgst, um eine sichere Nutzung zu gewährleisten.

Schlussfolgerung

Die RANSOM GRIP INSERTS sind eine hervorragende Wahl, um die Präzision deines Schießens zu verbessern. Durch die Beachtung dieser Sicherheitshinweise kannst du sicherstellen, dass du die Inserts effektiv und sicher verwendest. Denke daran, dass deine Sicherheit und die Sicherheit anderer immer an erster Stelle stehen sollten.

GRIP INSERTS RANSOM GRIP INSERTS FOR BERETTA 9000 Safety Instruction Guide

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Beretta 9000. These inserts are specifically designed to enhance your shooting experience while ensuring the safety and longevity of your firearm. This guide provides essential safety instructions and guidelines to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use and handling.
- Ensure that you are using the grip inserts specifically designed for the Beretta 9000.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can damage your firearm and produce inaccurate test results.
- Be aware that improper use of grip inserts may lead to injury or damage to your firearm.
- Regularly check for any updates regarding product safety and recalls on the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Using hard grip inserts can generate destructive recoil energy that may damage the gun. They do not replicate humanlike recoil and can lead to flawed test results.
- **Use Properly Engineered Inserts:** Ensure that the inserts match the durometer of the human hand to absorb recoil effectively.
- **Monitor for Damage:** Inspect the grip inserts regularly for any signs of wear or damage that could affect performance.
- **Understand Recoil Dynamics:** Be aware that every action has an equal and opposite reaction. Hard inserts do not absorb recoil effectively, which can lead to damage over time.
- **Follow Testing Protocols:** Whether conducting destructive testing or accuracy testing, mimic humanlike handling to obtain valid results.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction before installing the grip inserts.
- Remove any existing grip inserts from the firearm if applicable.
- Align the Ransom grip inserts with the grip of the Beretta 9000 and press them into place until secure.
- Verify that the inserts are properly fitted and do not interfere with the operation of the firearm.

2. Usage:

- When using the Ransom Rest with the grip inserts, ensure that the machine is set up in a stable position.
- Allow the grip inserts to absorb the initial recoil and vibration when firing the weapon.
- Regularly check the alignment and fit of the inserts before each use to ensure safety and performance.
- Always handle the firearm in accordance with established safety practices and guidelines.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations for plastic waste.
- Do not throw grip inserts into fire or expose them to extreme heat, as this may cause harmful emissions.
- If unsure about disposal methods, consult local waste management authorities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the Ransom International Grip Inserts, please refer to the manufacturer's contact information provided with your product. Ensure that you have the product details ready for more efficient assistance.

By following these guidelines, you can enjoy the benefits of the Ransom International Grip Inserts while ensuring your safety and the integrity of your firearm. Thank you for your attention to these important safety instructions.

Guida alla Sicurezza per GRIP INSERTS RANSOM per Beretta 9000

Introduzione

Grazie per aver scelto i grip inserts RANSOM per il tuo Beretta 9000. Questa guida fornisce informazioni essenziali per garantire un uso sicuro e corretto del prodotto, in conformità con le normative di sicurezza europee.

Linee Guida Generali sulla Sicurezza

- Assicurati di utilizzare solo grip inserts RANSOM progettati per il Master Series Ransom Rest.
- Non utilizzare inserti rigidi o stampati in 3D, in quanto possono danneggiare l'arma e compromettere la sicurezza.
- Segnala eventuali prodotti non sicuri o incidenti alle autorità competenti.
- Controlla regolarmente il portale Safety Gate dell'UE per aggiornamenti su eventuali richiami.

Precauzioni di Sicurezza Specifiche per l'Utilizzo

- I grip inserts RANSOM sono progettati per assorbire il rinculo e le vibrazioni, replicando la risposta della mano umana.
- Non utilizzare grip inserts rigidi, poiché possono ridurre la vita della canna e dell'arma.
- Assicurati che l'arma sia scarica prima di installare o rimuovere gli inserti.
- Non utilizzare gli inserti per scopi diversi da quelli previsti.

Istruzioni per l'Installazione e l'Uso

1. **Preparazione**
 - Controlla che l'arma sia scarica e in sicurezza.
2. **Installazione**
 - Rimuovi eventuali grip esistenti prima di installare i grip inserts RANSOM.
 - Posiziona gli inserti RANSOM nel Master Series Ransom Rest seguendo le istruzioni specifiche del produttore.
3. **Uso**
 - Utilizza il Ransom Rest con i grip inserts RANSOM per test di precisione.
 - Monitora la reazione dell'arma durante i colpi e assicurati che non ci siano vibrazioni eccessive.
4. **Rimozione**
 - Dopo l'uso, rimuovi gli inserti seguendo le istruzioni di rimozione fornite dal produttore.

Istruzioni per lo Smaltimento

- Gli inserti RANSOM non sono considerati rifiuti pericolosi. Puoi smaltirli nei normali contenitori per rifiuti.
- Segui le normative locali per lo smaltimento dei materiali plastici e dei componenti dell'arma.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori domande o assistenza, contatta il tuo rivenditore autorizzato o il servizio clienti del produttore.

Conclusione

La sicurezza è fondamentale quando si utilizzano accessori per armi da fuoco. Segui queste linee guida per garantire un utilizzo sicuro e responsabile dei grip inserts RANSOM per il tuo Beretta 9000.
