

GRIP INSERTS - RANSOM GRIP INSERTS FOR COLT WOODSMAN MATCH TARGET

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Inserts nur mit der entsprechenden Waffe verwendest.
- Halte die Inserts und die Waffe außerhalb der Reichweite von Kindern und unbefugten Personen.
- Überprüfe regelmäßig die Inserts auf Beschädigungen oder Abnutzung.
- Verwende die Inserts nur in Kombination mit der empfohlenen Ausrüstung.
- Informiere dich über die korrekten Verfahren zur Nutzung deiner Waffe und der Inserts.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- Vermeide die Verwendung von harten Grip Inserts oder 3Dgedruckten Kunststoffinserts, da diese deiner Waffe schaden können.
- Achte darauf, dass die Inserts richtig installiert sind, um eine optimale Leistung zu gewährleisten.
- Teste die Inserts in einer kontrollierten Umgebung, um unvorhergesehene Rückstoßkräfte zu vermeiden.
- Halte beim Schießen immer eine sichere Distanz zu anderen Personen ein.
- Sei dir bewusst, dass ein hartes Insert die Lebensdauer des Laufs und der Waffe verkürzen kann.

Anweisungen zur Installation und Nutzung

1. Installation der Inserts:

- Stelle sicher, dass die Waffe entladen ist, bevor du mit der Installation beginnst.
- Entferne die bestehenden Inserts, falls vorhanden.
- Setze die RANSOM GRIP INSERTS vorsichtig in die vorgesehenen Halterungen ein.
- Überprüfe, ob die Inserts fest sitzen und keine sichtbaren Lücken aufweisen.

2. Nutzung der Inserts:

- Beginne mit leichten Schüssen, um sicherzustellen, dass die Inserts korrekt funktionieren.
- Achte auf die Rückstoß und Vibrationsdämpfung während des Schießens.
- Überwache die Leistung der Inserts und der Waffe während des Gebrauchs.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Elektroschrott oder Kunststoffabfälle.
- Achte darauf, dass keine Teile in die Umwelt gelangen und die Entsorgung sicher erfolgt.

Safety Instruction Guide for GRIP INSERTS RANSOM GRIP INSERTS FOR COLT WOODSMAN MATCH TARGET

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Colt Woodsman Match Target. These grip inserts are designed to enhance your shooting experience while ensuring safety and optimal performance. This guide provides essential safety instructions and guidelines for the proper use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the grip inserts are compatible with your firearm model.
- Regularly inspect the grip inserts for signs of wear or damage before each use.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they can cause damage to your firearm.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted inserts. These can generate destructive recoil energy that may damage your firearm.
- **Understand Recoil Dynamics:** Recognize that every action has an equal and opposite reaction. Using inappropriate inserts can lead to uncontrolled recoil, potentially causing harm.
- **Monitor for Damage:** Be aware that damage from improper inserts may not be immediately visible, but can accumulate over time.
- **Protect Yourself:** Using hard inserts may increase the risk of injury or damage to the firearm, which can result in serious consequences.
- **Conduct Safe Testing:** Always mimic humanlike recoil during testing to ensure accurate results. Avoid using hard or 3Dprinted inserts for any testing purposes.

Instructions for Installation and Usage

- **Installation:**

1. **Prepare Your Firearm:** Ensure that your firearm is unloaded and in a safe condition before installation.
2. **Remove Existing Inserts:** Carefully remove any existing grip inserts from your firearm.
3. **Align the Grip Inserts:** Position the Ransom grip inserts in the grip area of your firearm, ensuring they fit snugly and securely.
4. **Secure the Inserts:** Follow the manufacturer's instructions to secure the grip inserts in place, ensuring they are properly aligned.

- **Usage:**

1. **Load Your Firearm Safely:** Only load your firearm when you are ready to shoot.
2. **Position the Ransom Rest:** Ensure that the Ransom Rest is set up correctly and is stable before placing your firearm on it.
3. **Monitor Performance:** Pay attention to the performance of the grip inserts during use. If you notice any unusual vibrations or movements, cease use immediately.

4. **Store Safely:** When not in use, store your firearm and grip inserts in a secure location to prevent unauthorized access.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not throw grip inserts in regular household waste. Instead, check with your local waste management facility for proper disposal methods.
- Ensure that all packaging materials are disposed of responsibly and in accordance with recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Ransom International Grip Inserts, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions and guidelines, you can ensure a safer shooting experience while using the Ransom grip inserts. Always prioritize safety and proper handling practices to protect yourself and others. Thank you for your attention to these important safety measures.
