

GRIP INSERTS - RANSOM GRIP INSERTS FOR CZ P-09

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR CZ P-09
- Manufacturer: RANSOM
- Product no.: 430119341
- Mfr. No.: 30-300-08-08
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132580789

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS FÜR CZ P09

Einleitung

Willkommen zu den Sicherheitshinweisen für die RANSOM GRIP INSERTS, die speziell für die CZ P09 entwickelt wurden. Diese Anleitung soll sicherstellen, dass du die Inserts sicher und effektiv verwendest, um die beste Leistung aus deinem Ransom Rest herauszuholen.

Allgemeine Sicherheitsrichtlinien

- **Produktsicherheit:** Stelle sicher, dass du die Inserts nur für den vorgesehenen Zweck verwendest. Sie sind speziell für den Einsatz mit dem Master Series Ransom Rest konzipiert.
- **Erhöhte Rückrufe:** Überprüfe regelmäßig, ob es Rückrufaktionen gibt. Du kannst Informationen dazu auf der EU Safety Gate Plattform finden.
- **OnlineEinkauf:** Wenn du die Inserts online kaufst, achte darauf, dass der Verkäufer alle Sicherheitsanforderungen erfüllt.
- **Besondere Verbraucherklassifizierung:** Diese Inserts sind nicht für Kinder geeignet. Halte sie außerhalb der Reichweite von Kindern.
- **EUKontaktstelle:** Bei Fragen zur Produktsicherheit solltest du dich an die zuständigen Behörden wenden.
- **Schnelle Warnungen:** Informiere dich über mögliche Sicherheitsrisiken und Rückrufe über die Safety Gate Plattform.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- **Vermeide harte Inserts:** Verwende keine harten oder 3Dgedruckten Inserts, da diese deinem Gewehr schaden können.
- **Achte auf Rückstoß:** Harte Inserts erzeugen schädliche Rückstoßenergien, die das Gewehr beschädigen können.
- **Beobachte die ersten Millisekunden:** Die Inserts sind so konzipiert, dass sie die ersten Millisekunden des Schusses absorbieren und somit die Rückstoßkräfte minimieren.
- **Langzeitfolgen:** Sei dir bewusst, dass Schäden durch die Verwendung von harten Inserts sich über die Zeit aufbauen können und die Lebensdauer deines Gewehrs verringern.

Anweisungen für Installation und Verwendung

1. Vorbereitung:

- Überprüfe, ob die RANSOM GRIP INSERTS unbeschädigt und sauber sind, bevor du sie installierst.

2. Installation:

- Entferne die alten Inserts, falls vorhanden.
- Setze die RANSOM GRIP INSERTS vorsichtig in die vorgesehenen Halterungen ein.
- Stelle sicher, dass sie fest sitzen und keine Lücken vorhanden sind.

3. Verwendung:

- Verwende die Inserts nur in Verbindung mit dem Master Series Ransom Rest.
- Achte darauf, dass du beim Schießen die richtige Technik anwendest, um den Rückstoß zu kontrollieren.
- Überwache regelmäßig den Zustand der Inserts und des Gewehrs.

Entsorgungsanweisungen

- **Umweltfreundliche Entsorgung:** Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- **Sicherheitsbewusstsein:** Stelle sicher, dass die Inserts nicht in die Hände von Kindern gelangen, wenn du sie entsorgst.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Unterstützung wende dich bitte an die zuständigen Behörden oder die Verkaufsstelle, bei der du die Inserts erworben hast. Achte darauf, dass du alle Sicherheitsrichtlinien und Anweisungen befolgst, um die beste Nutzung deiner RANSOM GRIP INSERTS zu gewährleisten.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR CZ P09

Introduction

Thank you for choosing the Ransom International Grip Inserts for your CZ P09. These inserts are designed to enhance the performance of your Master Series Ransom Rest by mimicking the natural feel of the human hand during shooting tests. However, it is crucial to understand the safety guidelines and precautions associated with their use to ensure both your safety and the longevity of your firearm.

General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks that may not be covered by other EU laws.
- Follow standardized recall notices and seek free remedies for any dangerous products.
- When shopping online, ensure that the same safety protections apply as in physical stores.
- Extra safeguards are in place for vulnerable groups, such as children.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Grip Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Ransom Rest. These can generate destructive recoil energy that may damage your firearm.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be eliminated; they must be controlled. Hard inserts do not replicate humanlike recoil, leading to flawed test results.
- **Inspect Inserts Regularly:** Check the condition of the grip inserts before each use. Any signs of wear or damage should prompt immediate replacement.
- **Monitor for Damage:** Be aware that damage from using hard inserts may not be immediately visible but can accrue over time, potentially affecting the barrel and overall firearm integrity.

Instructions for Installation and Usage

1. Install the Grip Inserts:

- Select the appropriate Ransom Grip Insert designed for your CZ P09.
- Ensure that the insert matches the durometer of the human hand to provide optimal absorption of recoil.
- Follow the manufacturer's instructions for securely attaching the insert to the Ransom Rest.

2. Using the Ransom Rest:

- Position your firearm in the Ransom Rest according to the guidelines provided.
- Ensure that the machine is stable and securely locked in place before firing.
- Aim carefully and take your shot, noting that the grip inserts will absorb initial recoil and vibration.

3. PostUse Maintenance:

- After each use, inspect the grip inserts for any signs of wear or damage.
- Clean the Ransom Rest and inserts according to the manufacturer's recommendations to maintain optimal performance.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local waste disposal regulations.
- Do not throw inserts in regular household trash if they contain materials that may be harmful to the environment.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact point provided with your product packaging. It is essential to have access to this information for any safetyrelated questions or concerns.

By following these guidelines, you can ensure a safe and effective experience with your Ransom International Grip Inserts for CZ P09. Always prioritize safety and proper usage to maintain the integrity of your firearm and your wellbeing.

Istruzioni di Sicurezza per GRIP INSERTS RANSOM

GRIP INSERTS PER CZ P09

Introduzione

Le GRIP INSERTS RANSOM per CZ P09 sono progettate per migliorare le prestazioni e la sicurezza della tua arma. È fondamentale seguire attentamente le istruzioni di sicurezza e utilizzo per garantire un impiego corretto e sicuro del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo inserti progettati specificamente per il tuo Master Series Ransom Rest.
- Non utilizzare inserti rigidi o stampati in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Controlla regolarmente il tuo equipaggiamento per segni di usura o danni.
- Non utilizzare il prodotto in condizioni che potrebbero compromettere la tua sicurezza o quella degli altri.
- Segnala qualsiasi prodotto non sicuro o incidente alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti per impugnatura sono progettati per assorbire il rinculo e le vibrazioni. Assicurati che siano installati correttamente.
- Non tentare di modificare o riparare gli inserti. Utilizza solo ricambi originali forniti dal produttore.
- Quando utilizzi la tua arma, mantieni sempre una posizione sicura e controllata.
- Non lasciare mai l'arma incustodita e assicurati che sia sempre in una posizione sicura quando non in uso.
- Fai attenzione durante il caricamento e lo scaricamento dell'arma.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti:

- Rimuovi gli inserti esistenti dall'impugnatura del CZ P09.
- Pulisci l'area dell'impugnatura per rimuovere polvere e detriti.
- Inserisci gli GRIP INSERTS RANSOM nell'impugnatura, assicurandoti che siano ben fissati.
- Controlla che non ci siano spazi vuoti tra l'inserto e l'impugnatura.

2. Utilizzo degli Inserti:

- Prima di ogni utilizzo, verifica che gli inserti siano in buone condizioni e correttamente installati.
- Durante il tiro, mantieni una presa salda e controllata sull'arma.
- Dopo ogni sessione di tiro, controlla gli inserti per eventuali segni di usura o danneggiamento.

Istruzioni per lo Smaltimento

- Gli inserti danneggiati o usurati devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nella spazzatura domestica. Contatta un centro di raccolta rifiuti specializzato per il corretto smaltimento.

Informazioni di Contatto per Ulteriori Supporto

Per domande o assistenza riguardo al prodotto, si prega di contattare il produttore o il rivenditore autorizzato.

Assicurati di avere il numero di modello e la prova di acquisto a disposizione quando richiedi supporto.

Questa guida è stata redatta per garantire che tu possa utilizzare le GRIP INSERTS RANSOM in modo sicuro e efficace. Segui attentamente tutte le istruzioni e le linee guida di sicurezza per proteggere te stesso e gli altri.
