

GRIP INSERTS - RANSOM GRIP INSERTS FOR GLOCK GEN 5 29,30

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR GLOCK GEN 5 29,30
- Manufacturer: RANSOM
- Product no.: 430119362
- Mfr. No.: 30-300-12-15
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132581199

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS FÜR GLOCK GEN 5 29,30

Einführung

Herzlichen Glückwunsch zu deinem Kauf der GRIP INSERTS von RANSOM! Diese Inserts sind speziell für die Glock Gen 5 Modelle 29 und 30 entwickelt worden, um dein Schießerlebnis zu verbessern. Bitte lies diese Sicherheitshinweise sorgfältig durch, um die sichere Verwendung des Produkts zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS nur für die vorgesehenen GlockModelle verwendest.
- Überprüfe regelmäßig die Inserts auf Abnutzung oder Beschädigungen.
- Verwende die Inserts nicht zusammen mit harten Griplnerts oder 3Dgedruckten KunststoffGriplnerts, da diese die Waffe schädigen können.
- Halte die Inserts und die Waffe von Kindern und unbefugten Personen fern.
- Melde unsichere Produkte oder Unfälle den zuständigen Behörden.

Besondere Sicherheitsvorkehrungen für die Verwendung

- Achte darauf, dass die Inserts ordnungsgemäß installiert sind, um eine sichere Nutzung zu gewährleisten.
- Verwende die Inserts nur in einem sicheren und kontrollierten Umfeld.
- Vermeide es, die Waffe während des Schießens zu überlasten.
- Beachte, dass harte Inserts die Lebensdauer des Laufs und der Waffe verringern und potenziell Verletzungen verursachen können.

Anweisungen zur Installation und Nutzung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass die Waffe entladen ist, bevor du mit der Installation beginnst.
- Entferne die vorhandenen Inserts, falls vorhanden.
- Setze die GRIP INSERTS vorsichtig in die vorgesehenen Bereiche der Waffe ein.
- Überprüfe, ob die Inserts fest und sicher sitzen.

2. Nutzung der GRIP INSERTS:

- Halte die Waffe mit beiden Händen fest, um die Kontrolle zu gewährleisten.
- Achte darauf, dass du die Waffe in einem sicheren Bereich verwendest.
- Beobachte die Reaktion der Waffe während des Schießens und achte auf ungewöhnliche Geräusche oder Vibrationen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoffabfällen.
- Achte darauf, dass die Inserts nicht in die Hände von Kindern gelangen.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder Unterstützung zu den GRIP INSERTS von RANSOM wende dich bitte an den Hersteller oder deinen Händler. Stelle sicher, dass du alle Sicherheitsrichtlinien befolgst und bei Fragen oder

Unsicherheiten Unterstützung suchst.

Bitte beachte, dass die Sicherheit deiner Waffe und deiner persönlichen Sicherheit von größter Bedeutung sind. Halte dich an die oben genannten Richtlinien und Anweisungen, um ein sicheres Schießerlebnis zu gewährleisten.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR GLOCK GEN 5 29,30

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Glock Gen 5 29,30. These inserts are designed to enhance your shooting experience by mimicking the human hand's ability to absorb recoil. However, improper use can lead to damage to your firearm and potential safety hazards. This guide provides essential safety information to ensure the safe use of the product.

General Safety Guidelines

- Always use the grip inserts as intended, following the manufacturer's instructions.
- Avoid using hard grip inserts or 3Dprinted plastic grip inserts, as they can cause damage to your firearm.
- Understand that recoil and vibration are natural forces that cannot be eliminated but can be controlled.
- Be aware of the potential hazards associated with improper use, including damage to your firearm and personal injury.
- Regularly check for recall updates regarding the product on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use hard grip inserts:
 - These can generate destructive recoil energy that may damage the gun.
 - Hard inserts are often poorly engineered and fail to replicate humanlike recoil.
- Ensure that the grip inserts match the durometer of the human hand:
 - This is crucial for absorbing the initial shock of the shot.
- Understand that damage may not be immediately visible:
 - Over time, using hard inserts can decrease the life of the barrel and gun.
- Recognize that using a hard insert can lead to injury or death:
 - If the firearm is damaged, it may malfunction during use.
- Always handle firearms with care and in accordance with safety regulations.

Instructions for Installation and Usage

1. Installation of Grip Inserts:

- Remove any existing grip inserts from your firearm.
- Clean the grip area to ensure a secure fit.
- Align the grip insert with the grip area of the firearm.
- Firmly press the insert into place until it is securely fitted.
- Ensure there are no gaps between the insert and the firearm.

2. Usage of Grip Inserts:

- Always hold the firearm with both hands to stabilize it during shooting.
- Take note of how the grip insert absorbs recoil:
 - The insert should feel comfortable and responsive, mimicking the human hand.
- Avoid rapidfire shooting until you are accustomed to the grip insert's performance.
- Monitor the firearm for any signs of damage after use:
 - Check for cracks or unusual wear on the barrel and frame.

3. PostUse Care:

- Clean the grip insert and firearm after each use to maintain performance.
- Inspect the grip insert for any signs of wear and replace if necessary.

Disposal Instructions

- Dispose of any damaged grip inserts in accordance with local regulations.
- Ensure that the grip inserts are not left in areas where they could pose a hazard to others.
- If you are unsure about disposal methods, consult with local waste management authorities.

Contact Information for Further Support

For any questions or concerns regarding the use of the Ransom Grip Inserts, please refer to the manufacturer's contact information provided with your product. It is essential to seek assistance if you have any safety inquiries or require further guidance on proper usage.

By adhering to these safety instructions, you can ensure a safe and enjoyable shooting experience with your Ransom Grip Inserts. Thank you for your commitment to safety and responsible firearm use.

Guida alla Sicurezza dei Grip Inserts RANSOM per Glock Gen 5 (29, 30)

Introduzione

Grazie per aver scelto i Grip Inserts RANSOM per la tua pistola Glock Gen 5 (modelli 29 e 30). Questa guida è progettata per fornirti informazioni importanti sulla sicurezza, sull'uso corretto e sulla manutenzione dei grip inserts, in conformità con le normative di sicurezza dell'Unione Europea.

Linee Guida Generali di Sicurezza

- Assicurati che i grip inserts siano utilizzati esclusivamente con le pistole Glock Gen 5 (29, 30).
- Verifica sempre che il tuo arma sia scarica prima di installare o rimuovere i grip inserts.
- Non utilizzare grip inserts rigidi o in plastica stampata in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Segui sempre le istruzioni di installazione e utilizzo fornite in questa guida.
- In caso di malfunzionamenti o anomalie, interrompi immediatamente l'uso e contatta un professionista.

Precauzioni di Sicurezza Specifiche per l'Uso

- I grip inserts RANSOM sono progettati per assorbire vibrazioni e rinculo. Assicurati che siano installati correttamente per garantire il massimo assorbimento.
- Non utilizzare mai grip inserts che mostrano segni di usura o danni.
- Evita di utilizzare grip inserts in condizioni di umidità o esposizione a sostanze chimiche aggressive.
- Non tentare di modificare o riparare i grip inserts. Utilizza solo componenti originali RANSOM.
- Se noti vibrazioni insolite o danni all'arma durante l'uso, interrompi immediatamente l'uso e controlla i grip inserts.

Istruzioni per l'Installazione e l'Uso

1. Installazione dei Grip Inserts:

- Rimuovi l'arma dalla custodia e assicurati che sia scarica.
- Pulisci l'area di installazione per rimuovere polvere e detriti.
- Posiziona il grip insert RANSOM sull'impugnatura dell'arma, assicurandoti che sia allineato correttamente.
- Segui le istruzioni specifiche del produttore per fissare il grip insert in posizione.

2. Utilizzo dei Grip Inserts:

- Quando utilizzi la pistola, mantieni una presa salda e corretta sull'arma.
- Fai attenzione alle vibrazioni e al rinculo durante il tiro. I grip inserts dovrebbero assorbire gran parte di queste forze.
- Monitora regolarmente lo stato dei grip inserts e sostituiscili se necessario.

Istruzioni per lo Smaltimento

- I grip inserts RANSOM devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare i grip inserts nell'ambiente. Segui le procedure di smaltimento per i materiali plastici e metallici.
- Controlla presso il tuo comune o le autorità locali per le linee guida specifiche sullo smaltimento dei prodotti in plastica e metallo.

Informazioni di Contatto per Ulteriore Supporto

Per qualsiasi domanda o preoccupazione riguardante i grip inserts RANSOM, ti invitiamo a contattare il tuo rivenditore autorizzato o il servizio clienti RANSOM. Assicurati di avere il numero di modello e altre informazioni pertinenti a portata di mano per ricevere assistenza.

Conclusione

La sicurezza è la nostra priorità principale. Seguendo queste linee guida e precauzioni, puoi garantire un'esperienza di tiro sicura e piacevole con la tua pistola Glock Gen 5. Grazie per aver scelto RANSOM e per il tuo impegno nella sicurezza.
