

GRIP INSERTS - RANSOM GRIP INSERTS FOR HECKLER & KOCH 45 TACTICAL,USP

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR HECKLER & KOCH 45 TACTICAL,USP
- Manufacturer: RANSOM
- Product no.: 430119379
- Mfr. No.: 30-300-14-06
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132581335

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für RANSOM GRIP INSERTS

Einleitung

Willkommen zu den Sicherheitshinweisen für die RANSOM GRIP INSERTS für Heckler & Koch 45 Tactical und USP. Diese Anleitung soll dir helfen, die Inserts sicher und effektiv zu verwenden, um das bestmögliche Schießerlebnis zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die RANSOM GRIP INSERTS nur mit dem Master Series Ransom Rest verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckte Kunststoffgriffe, da diese deinem Gewehr schaden können.
- Achte darauf, dass du die Inserts regelmäßig auf Schäden überprüfst.
- Halte die Inserts und den Ransom Rest sauber, um eine optimale Leistung zu gewährleisten.
- Berücksichtige, dass die Inserts die Duometrie der menschlichen Hand nachahmen, um Rückstoß und Vibration zu absorbieren.

Besondere Sicherheitsvorkehrungen bei der Verwendung

- **Vermeide harte Inserts:** Harte Inserts können den menschlichen Rückstoß nicht realistisch nachahmen und die Testergebnisse ungültig machen.
- **Achte auf den Zustand deines Gewehrs:** Prüfe regelmäßig, ob dein Gewehr und die Inserts in einwandfreiem Zustand sind.
- **Beachte die Rückstoßkräfte:** Die RANSOM Inserts sind so konzipiert, dass sie die Rückstoßkräfte absorbieren. Stelle sicher, dass die Maschine sicher und stabil positioniert ist, bevor du schießt.
- **Sei vorsichtig beim Testen:** Wenn du Tests durchführst, achte darauf, dass du die menschlichen Reaktionen nachahmst, um genaue Ergebnisse zu erzielen.

Anleitung zur Installation und Benutzung

1. Installation der Grip Inserts:

- Stelle sicher, dass der Ransom Rest auf einer stabilen und sicheren Oberfläche steht.
- Setze die RANSOM GRIP INSERTS gemäß der beiliegenden Anleitung in den Ransom Rest ein.
- Überprüfe, ob die Inserts fest sitzen und keine Bewegungen aufweisen.

2. Benutzung der Grip Inserts:

- Positioniere dein Gewehr sicher im Ransom Rest.
- Achte darauf, dass die Inserts richtig positioniert sind, um den Rückstoß optimal zu absorbieren.
- Führe deine Schüsse durch und beobachte, wie die Inserts die Rückstoßkräfte absorbieren.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass du die Inserts nicht in den normalen Hausmüll wirfst, wenn sie nicht mehr verwendbar sind.
- Informiere dich über spezielle Recyclingprogramme für Kunststoffprodukte in deiner Nähe.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen zu den RANSOM GRIP INSERTS und zur Behebung von Problemen wende dich bitte an

den Hersteller oder den Händler, bei dem du das Produkt erworben hast.

Wichtiger Hinweis

Ein hartes Insert kann die Lebensdauer des Laufs und der Waffe verringern und möglicherweise Verletzungen oder sogar den Tod verursachen, falls etwas passiert. Achte darauf, keine harten oder 3Dgedruckten Inserts zu verwenden. Viele haben es versucht und viele haben auf die harte Tour gelernt.

Bleibe sicher und genieße dein Schießerlebnis mit den RANSOM GRIP INSERTS!

Safety Instruction Guide

Introduction

Thank you for choosing Ransom International Grip Inserts, designed specifically for use with the Master Series Ransom Rest. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this manual thoroughly before installation and usage.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent damage to your firearm and ensure user safety.
- Always use the grip inserts as intended and according to the instructions provided.
- Regularly inspect the grip inserts for signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can damage your firearm by generating destructive recoil energy.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be eliminated; they can only be controlled. The grip inserts are designed to absorb these forces similarly to a human hand.
- **Monitor for Damage:** Be aware that damage from improper inserts may not be immediately visible but can accumulate over time, decreasing the lifespan of your firearm.
- **Use Proper Testing Methods:** Ensure that testing mimics humanlike recoil to avoid flawed results. If hard or 3Dprinted inserts were effective, manufacturers would already utilize them.

Instructions for Installation and Usage

1. Installation:

- Remove any existing grip inserts from the Ransom Rest.
- Carefully position the Ransom International Grip Inserts into the designated area.
- Ensure that the inserts fit snugly and securely without gaps.

2. Usage:

- Place your firearm into the Ransom Rest equipped with the grip inserts.
- Conduct your shooting tests as per standard procedures, ensuring that the machine is properly calibrated.
- Monitor the performance of the grip inserts during use, checking for any signs of damage or wear.

3. PostUse Care:

- After each use, inspect the grip inserts for any signs of wear or damage.
- Clean the inserts as per the manufacturer's recommendations to maintain their effectiveness.

Disposal Instructions

- Dispose of any damaged or worn grip inserts according to local regulations.
- Do not dispose of the inserts in regular household waste if they are made of materials that require special handling.

Contact Information for Further Support

For further assistance or inquiries regarding the Ransom International Grip Inserts, please contact the manufacturer directly through the provided channels.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of the Ransom International Grip Inserts. Your safety and the longevity of your firearm are our top priorities. Thank you for your commitment to safe shooting practices.

Istruzioni di Sicurezza per l'Uso degli Grip Inserts Ransom

Introduzione

Benvenuto! Questo documento fornisce istruzioni di sicurezza per l'uso degli Grip Inserts Ransom progettati per il Heckler & Koch 45 Tactical e l'USP. È fondamentale seguire queste istruzioni per garantire un uso sicuro e ottimale del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo Grip Inserts Ransom specificamente progettati per il tuo modello di arma.
- Non utilizzare grip inserts rigidi o inserti in plastica stampati in 3D, in quanto possono danneggiare l'arma e compromettere la sicurezza.
- Controlla regolarmente l'integrità degli inserti e sostituiscili se mostrano segni di usura o danni.
- Mantieni il prodotto lontano dalla portata di bambini e gruppi vulnerabili.
- Segnala immediatamente qualsiasi prodotto difettoso o pericoloso alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli Grip Inserts Ransom sono progettati per assorbire le forze di rinculo e vibrazione. Non tentare di modificare o adattare gli inserti.
- Assicurati che l'arma sia sempre in una posizione sicura durante l'installazione e l'uso degli inserti.
- Non utilizzare gli inserti se non si è certi della loro compatibilità con la propria arma.
- Non utilizzare grip inserts rigidi, poiché possono generare energia di rinculo distruttiva che danneggia l'arma.
- Ricorda che ogni azione ha una reazione. Le forze di rinculo devono essere controllate correttamente per evitare danni.

Istruzioni per l'Installazione e l'Uso

1. Preparazione:

- Assicurati che l'arma sia scarica e in una posizione sicura.
- Rimuovi eventuali grip inserts precedenti, se presenti.

2. Installazione:

- Posiziona il Grip Insert Ransom nell'apposito alloggiamento.
- Assicurati che l'inserto sia ben fissato e non ci siano spazi vuoti.
- Controlla che l'inserto corrisponda alla durezza della mano umana per garantire un assorbimento efficace delle vibrazioni.

3. Uso:

- Utilizza l'arma in condizioni normali di tiro.
- Monitora costantemente le prestazioni dell'inserto durante l'uso.
- Se avverti vibrazioni eccessive o altri problemi, interrompi immediatamente l'uso e controlla l'integrità dell'inserto.

Istruzioni per lo Smaltimento

- Gli Grip Inserts Ransom devono essere smaltiti in modo responsabile.
- Segui le normative locali per lo smaltimento di prodotti in plastica e materiali compositi.
- Non abbandonare gli inserti in natura o in luoghi non autorizzati.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni o domande relative alla sicurezza del prodotto, ti invitiamo a contattare il produttore o il rivenditore autorizzato. Assicurati di avere a disposizione il numero di modello e altre informazioni pertinenti per ricevere assistenza appropriata.

Seguendo queste istruzioni, puoi garantire un uso sicuro e efficace degli Grip Inserts Ransom. Ricorda che la sicurezza è la priorità principale quando si utilizza un'arma.
