

GRIP INSERTS - RANSOM GRIP INSERTS FOR MANURHIN MR-32,38,72,73

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR MANURHIN MR-32,38,72,73
- Manufacturer: RANSOM
- Product no.: 430119395
- Mfr. No.: 30-300-20
- Delivery weight: 0.907kg
- UPC: 810132581632

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS von RANSOM

Einleitung

Herzlich willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS, die speziell für die Manurhin MR32, MR38, MR72 und MR73 entwickelt wurden. Diese Anleitung hilft dir, die Sicherheit und Leistung deiner Schussgeräte zu gewährleisten und informiert dich über wichtige Vorsichtsmaßnahmen, die du beachten solltest.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS nur gemäß den Anweisungen verwendest.
- Überprüfe regelmäßig den Zustand der Inserts und ersetze sie bei Abnutzung oder Beschädigung.
- Halte die Inserts und das Gewehr außerhalb der Reichweite von Kindern und gefährdeten Personen.
- Achte darauf, dass du keine harten Grip Inserts oder 3Dgedruckten KunststoffGrip Inserts verwendest, da diese deinem Gewehr schaden können.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Verwende die GRIP INSERTS nur mit dem Ransom Rest, um die besten Ergebnisse zu erzielen.
- Vermeide die Verwendung von harten Inserts, da sie schädliche Rückstoßenergien erzeugen können.
- Achte darauf, dass die Inserts richtig installiert sind, um eine sichere und effektive Nutzung zu gewährleisten.
- Halte dich an die empfohlenen DurometerHärtewerte, um eine realistische Nachahmung der menschlichen Hand zu gewährleisten.

Anweisungen für Installation und Verwendung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass das Gewehr sicher und stabil auf dem Ransom Rest positioniert ist.
- Entferne die alten Inserts, falls vorhanden, und reinige die Kontaktflächen gründlich.
- Setze die neuen GRIP INSERTS gemäß den Anweisungen des Herstellers ein.
- Überprüfe die Passform und stelle sicher, dass die Inserts fest sitzen.

2. Verwendung der GRIP INSERTS:

- Positioniere das Gewehr so, dass das Insert optimal mit dem Lauf und dem Rahmen in Kontakt steht.
- Führe einen Testschuss durch, um sicherzustellen, dass das Insert korrekt funktioniert und die Rückstoßkräfte absorbiert werden.
- Achte auf ungewöhnliche Geräusche oder Vibrationen während des Schießens und überprüfe die Inserts nach jedem Schuss.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte GRIP INSERTS in Übereinstimmung mit den örtlichen Vorschriften für die Entsorgung von Kunststoffabfällen.
- Achte darauf, dass die Inserts nicht in die Umwelt gelangen und sicher entsorgt werden.

Kontaktinformationen für weitere Unterstützung

- Bei Fragen oder Bedenken zur Sicherheit der GRIP INSERTS wende dich an den Hersteller oder deinen Fachhändler.

Schlussfolgerung

Die GRIP INSERTS von RANSOM sind ein wertvolles Zubehör für deine Schussgeräte, wenn sie korrekt verwendet werden. Halte dich an diese Sicherheitsrichtlinien, um deine Schussleistung zu verbessern und mögliche Gefahren zu minimieren. Sei stets vorsichtig und achte auf die Sicherheit bei der Verwendung deiner Ausrüstung.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR MANURHIN MR32, 38, 72, 73

Introduction

Thank you for choosing Ransom International Grip Inserts for your Master Series Ransom Rest. This guide provides important safety instructions and precautions to ensure the safe and effective use of the product. Please read this guide carefully before use to understand the potential hazards and how to avoid them.

General Safety Guidelines

- Ensure safe use of the grip inserts to prevent damage to your firearm and ensure accurate testing.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they can cause damage to your gun.
- Be aware that using improper inserts may lead to invalid test results and potential injury.
- Always keep the inserts out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic inserts. These can generate destructive recoil energy that damages your firearm.
- **Monitor for Damage:** Regularly inspect your firearm for any signs of damage caused by improper inserts.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be stopped; they can only be controlled. Use inserts designed to mimic the human hand to absorb these forces.
- **Testing Protocols:** When conducting destructive or accuracy testing, ensure that the testing mimics human handling to avoid flawed results.
- **Caution Against Misuse:** Misuse of hard inserts can lead to decreased barrel life and potential injury. Always adhere to the recommended usage.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Ransom Rest is securely positioned on a stable surface.
- Carefully insert the grip inserts into the designated slots of the Ransom Rest.
- Verify that the inserts are properly seated and secure before use.

2. Usage:

- Place your firearm into the Ransom Rest, ensuring it is aligned correctly.
- Conduct your tests while monitoring for any unusual vibrations or responses from the firearm.
- Always use the grip inserts as intended, and avoid any alterations or modifications.

3. PostUse Care:

- After testing, remove the firearm from the Ransom Rest.
- Inspect both the firearm and the grip inserts for any signs of wear or damage.
- Store the grip inserts in a safe and dry place, away from direct sunlight or extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of grip inserts in regular household waste if they are damaged; check for specific disposal guidelines in your area.

Contact Information for Further Support

For any inquiries regarding the safety and use of Ransom Grip Inserts, please refer to the contact information provided on the packaging or visit the manufacturer's website for more details.

Please remember that safety is paramount when using any firearmrelated products. By following this guide, you can help ensure a safe and effective experience with your Ransom Grip Inserts.

Guida alle Istruzioni di Sicurezza per i GRIP INSERTS RANSOM

Introduzione

Grazie per aver scelto i GRIP INSERTS RANSOM per il tuo Master Series Ransom Rest. Questa guida fornisce informazioni importanti sulla sicurezza, l'uso e la manutenzione degli inserti. È fondamentale seguire queste istruzioni per garantire un utilizzo sicuro e efficace del prodotto.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo i GRIP INSERTS RANSOM progettati specificamente per i modelli Manurhin MR32, MR38, MR72 e MR73.
- Non utilizzare grip inserts rigidi o inserti in plastica stampata in 3D, poiché possono danneggiare l'arma e compromettere la tua sicurezza.
- Controlla regolarmente il prodotto per segni di usura o danni.
- Conserva il prodotto in un luogo sicuro e asciutto, lontano dalla portata di bambini e animali.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti RANSOM sono progettati per assorbire vibrazioni e armoniche, evitando danni all'arma.
- Non utilizzare mai grip inserts rigidi poiché possono generare energia di rinculo distruttiva.
- Segui sempre le istruzioni per l'installazione e l'uso fornite in questa guida.
- In caso di incidenti o infortuni, contatta immediatamente le autorità competenti.

Istruzioni per l'Installazione e l'Uso

1. Installazione:

- Rimuovere qualsiasi grip insert attualmente installato.
- Pulire l'area di contatto sul Master Series Ransom Rest.
- Posizionare il GRIP INSERT RANSOM in modo che si adatti perfettamente al telaio.
- Assicurati che l'inserto sia fissato saldamente prima di utilizzare il Ransom Rest.

2. Uso:

- Posizionare l'arma in modo sicuro sul Ransom Rest.
- Assicurati che l'arma sia in modalità di sicurezza prima di procedere.
- Effettua il tiro seguendo le normali procedure di sicurezza per l'uso delle armi da fuoco.
- Dopo ogni sessione di tiro, controlla gli inserti per eventuali segni di usura o danni.

Istruzioni per lo Smaltimento

- Gli inserti RANSOM non sono biodegradabili e devono essere smaltiti secondo le normative locali sui rifiuti.
- Non gettare gli inserti nel normale spazzatura domestica.
- Contatta il tuo comune per informazioni su come smaltire correttamente i materiali plastici.

Informazioni di Contatto per Ulteriore Supporto

Per ulteriori domande o per segnalare prodotti difettosi, contatta il tuo rivenditore o il produttore. Assicurati di avere a disposizione il numero di serie e la prova di acquisto.

Conclusione

Seguire queste istruzioni di sicurezza è fondamentale per garantire un utilizzo sicuro e efficace dei GRIP INSERTS RANSOM. La tua sicurezza e quella degli altri è la nostra priorità. Grazie per aver scelto i nostri prodotti.
