

GRIP INSERTS - RANSOM GRIP INSERTS BUL M-5/MCCORMICK 2011/PARAORD DOUB STK/STI DVC

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS BUL M-5/MCCORMICK 2011/PARAORD DOUB STK/STI DVC
- Manufacturer: RANSOM
- Product no.: 430119396
- Mfr. No.: 30-300-210
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132581663

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

Einführung

Herzlichen Glückwunsch zu deinem Kauf der GRIP INSERTS von RANSOM! Diese Inserts sind speziell entwickelt, um die Leistung deines Master Series Ransom Rest zu optimieren und sicherzustellen, dass dein Gewehr geschützt bleibt. Bitte lies die folgenden Sicherheitshinweise sorgfältig durch, um eine sichere und effektive Nutzung zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Achte darauf, dass alle Produkte sicher verwendet werden, um Verletzungen oder Schäden zu vermeiden.
- Informiere dich über mögliche Rückrufe und Sicherheitswarnungen über die EU Safety Gate Plattform.
- Bei Fragen oder Unsicherheiten zur Sicherheit der Produkte kontaktiere den Hersteller oder einen Fachmann.
- Halte dich an die Anweisungen zur Installation und Nutzung, um Risiken zu minimieren.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- Verwende keine harten oder 3Dgedruckten Inserts, da diese deinem Gewehr schaden können.
- Achte darauf, dass die Inserts die DurometerHärte der menschlichen Hand nachahmen, um destruktive Rückstoßenergie zu vermeiden.
- Überprüfe die Inserts regelmäßig auf Abnutzung oder Beschädigungen.
- Beachte, dass Schäden möglicherweise nicht sofort sichtbar sind, sich jedoch mit jedem Schuss ansammeln können.

Anleitungen zur Installation und Nutzung

1. Vorbereitung:

- Stelle sicher, dass dein Gewehr sicher und stabil auf dem Ransom Rest platziert ist.
- Entferne alle alten Inserts, bevor du die neuen GRIP INSERTS installierst.

2. Installation:

- Setze die GRIP INSERTS vorsichtig in die vorgesehenen Halterungen ein.
- Stelle sicher, dass die Inserts fest sitzen und keine Lücken oder Bewegungen aufweisen.

3. Nutzung:

- Teste die Inserts in einer sicheren Umgebung.
- Achte darauf, dass du die Vibrationen und Rückstoßkräfte während des Schusses kontrollierst.
- Wenn du ungewöhnliche Geräusche oder Bewegungen bemerkst, stoppe die Nutzung sofort und überprüfe die Inserts.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Stelle sicher, dass die Inserts nicht in die Umwelt gelangen, um eine mögliche Verschmutzung zu vermeiden.

Kontaktinformationen für weitere Unterstützung

Bei Fragen zu den GRIP INSERTS oder zur Sicherheit deines Gewehrs wende dich bitte an den Hersteller oder einen qualifizierten Fachmann.

Wichtiger Hinweis

Die Verwendung von harten Inserts kann die Lebensdauer deines Gewehrs verringern und möglicherweise zu Verletzungen führen. Wenn diese Inserts wirklich funktionieren würden, wären sie bereits von allen Waffenherstellern verwendet worden. Achte darauf, die Sicherheit an erste Stelle zu setzen und die oben genannten Richtlinien zu befolgen.

Bleibe sicher und viel Erfolg beim Schießen!

Safety Instruction Guide for GRIP INSERTS RANSOM GRIP INSERTS BUL M5/MCCORMICK 2011/PARAORD DOUB STK/STI DVC

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Master Series Ransom Rest. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide thoroughly before using the grip inserts.

General Safety Guidelines

- Always ensure that you are using the grip inserts designed specifically for your firearm.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts. These can damage your firearm and produce unreliable test results.
- The inserts are designed to replicate the durometer of the human hand, providing a safe and effective recoil absorption mechanism.
- Regularly inspect the grip inserts for wear and damage. Replace them if you notice any signs of degradation.
- Ensure that all users of the firearm are aware of the proper use of the grip inserts and the associated safety guidelines.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Using hard or poorly engineered inserts can lead to destructive recoil energy that may damage your firearm.
- **Monitor for Damage:** Be vigilant for any unusual signs of wear on both the grip inserts and the firearm itself.
- **Test Conditions:** Conduct all testing in a controlled environment to ensure safety and accuracy.
- **User Awareness:** Inform all users about the risks associated with improper use of grip inserts.
- **Vibration Control:** Understand that vibration and recoil cannot be completely stopped but can be controlled. The inserts are designed to absorb these forces effectively.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and in a safe condition before beginning installation.
- Carefully remove any existing grip inserts from the Ransom Rest.
- Align the new grip inserts with the designated slots on the Ransom Rest.
- Press firmly to ensure a secure fit. Ensure that there are no gaps between the insert and the rest.

2. Usage:

- Position the firearm securely in the Ransom Rest with the newly installed grip inserts.
- Ensure that the firearm is stable and that the inserts are properly absorbing recoil during testing.
- Monitor the performance of the grip inserts during use. If you notice any unusual vibrations or movements, cease use immediately and inspect the inserts.
- Always follow the manufacturer's recommendations for testing protocols to ensure safety and accuracy.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not throw grip inserts in regular household waste. Check for local recycling programs that accept plastic materials.
- Ensure that any disposed items do not pose a hazard to the environment or wildlife.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the Ransom Grip Inserts, please refer to the manufacturer's website or contact your local distributor for assistance.

Conclusion

By following the guidelines outlined in this safety instruction guide, you can ensure a safe and effective experience with your Ransom International Grip Inserts. Always prioritize safety and be aware of the potential hazards associated with improper use. Thank you for your attention to these important safety measures.

Guida di Sicurezza per gli GRIP INSERTS RANSOM

Introduzione

Benvenuto nella guida di sicurezza per gli GRIP INSERTS RANSOM, progettati per il Master Series Ransom Rest. Questa guida fornisce informazioni essenziali per garantire un uso sicuro e corretto del prodotto, in conformità con il Regolamento Generale sulla Sicurezza dei Prodotti dell'UE (GPSR).

Linee Guida Generali di Sicurezza

- Assicurati che il prodotto sia utilizzato esclusivamente come indicato nelle istruzioni.
- Non utilizzare inserti rigidi o stampati in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Controlla regolarmente il prodotto per eventuali segni di usura o danni.
- Conserva il prodotto in un luogo sicuro e asciutto, lontano dalla portata di bambini e animali domestici.
- Segnala qualsiasi prodotto difettoso o incidente alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli GRIP INSERTS RANSOM sono progettati per assorbire le forze di rinculo e vibrazione. Assicurati che siano installati correttamente per garantire prestazioni ottimali.
- Non utilizzare il prodotto in condizioni di umidità eccessiva o in ambienti estremamente caldi.
- Evita di sovraccaricare il Master Series Ransom Rest oltre le specifiche raccomandate dal produttore.
- Non tentare di modificare o riparare gli inserti. In caso di danni, contatta un professionista per assistenza.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli GRIP INSERTS:

- Rimuovi eventuali inserti esistenti dal Master Series Ransom Rest.
- Pulisci l'area di installazione per garantire una buona adesione.
- Posiziona gli GRIP INSERTS RANSOM nel supporto, assicurandoti che siano allineati correttamente.
- Fissa gli inserti secondo le istruzioni del produttore.

2. Uso del Master Series Ransom Rest:

- Assicurati che l'arma sia scarica prima di posizionarla sul Ransom Rest.
- Regola il sistema in base alle tue esigenze di tiro.
- Monitora attentamente il funzionamento durante i test di tiro per identificare eventuali anomalie.

Istruzioni per lo Smaltimento

- Quando non utilizzi più gli GRIP INSERTS RANSOM, smaltiscili in conformità con le normative locali sui rifiuti.
- Non gettare il prodotto nell'ambiente. Rivolgiti a un centro di raccolta autorizzato per il corretto smaltimento.

Informazioni per Ulteriori Supporto

Per ulteriori informazioni sulla sicurezza del prodotto o per segnalare incidenti, contatta il tuo rivenditore o visita il sito web ufficiale di Ransom International. Assicurati di avere a disposizione il numero di modello e la prova di acquisto al momento della richiesta di assistenza.

Questa guida è stata redatta per garantire che tu possa utilizzare gli GRIP INSERTS RANSOM in modo sicuro e

responsabile. Segui attentamente queste istruzioni per proteggere te stesso e il tuo equipaggiamento. La tua sicurezza è la nostra priorità.
