

GRIP INSERTS - RANSOM GRIP INSERTS SIG SAUER P320 SMALL SUB-COMPACT, P365 X-MACRO

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS SIG SAUER P320 SMALL SUB-COMPACT, P365 X-MACRO
- Manufacturer: RANSOM
- Product no.: 430119446
- Mfr. No.: 30-300-25-14
- Delivery weight: 0.907kg
- UPC: 810132582318

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die Verwendung der RANSOM GRIP INSERTS

Einleitung

Willkommen zu den Sicherheitshinweisen für die RANSOM GRIP INSERTS, die speziell für die SIG SAUER P320 SMALL SUBCOMPACT und P365 XMACRO entwickelt wurden. Diese Inserts sind darauf ausgelegt, die Schießergebnisse zu verbessern und die Leistung deines Master Series Ransom Rest zu optimieren. Bitte lies diese Anleitung sorgfältig durch, um sicherzustellen, dass du die Inserts sicher und effektiv verwendest.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Inserts gemäß den Anweisungen verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckte KunststoffGrip Inserts, da diese die Waffe beschädigen können.
- Achte darauf, dass die Inserts in gutem Zustand sind und keine sichtbaren Schäden aufweisen.
- Halte die Inserts und die Waffe außerhalb der Reichweite von Kindern und schütze sie vor unsachgemäßer Handhabung.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- **Vermeide harte Inserts:** Harte Inserts können destruktive Rückstoßenergie erzeugen, die die Waffe beschädigen kann.
- **Beobachte die Vibration:** Die Inserts sind so konzipiert, dass sie die DurometerHärte der menschlichen Hand nachahmen. Achte darauf, dass du die Rückstoßkräfte kontrollierst, um Schäden zu vermeiden.
- **Regelmäßige Überprüfung:** Überprüfe regelmäßig den Zustand der Inserts und ersetze sie bei Anzeichen von Abnutzung oder Beschädigung.
- **Testbedingungen:** Bei Tests musst du das menschliche Rückstoßverhalten nachahmen, um valide Ergebnisse zu erzielen.

Anweisungen zur Installation und Verwendung

1. Vorbereitung:

- Stelle sicher, dass die Waffe entladen ist, bevor du die Inserts installierst.
- Reinige den Bereich, in dem die Inserts eingesetzt werden, um eine optimale Haftung zu gewährleisten.

2. Installation:

- Setze die RANSOM GRIP INSERTS gemäß den Anweisungen des Herstellers in den vorgesehenen Bereich ein.
- Achte darauf, dass die Inserts fest sitzen und keine Lücken zwischen dem Insert und der Waffe bestehen.

3. Benutzung:

- Verwende die Waffe wie gewohnt mit den eingesetzten Inserts.
- Achte darauf, dass die Inserts die Rückstoßkräfte absorbieren, bevor die Maschine mechanisch zurückschlagen kann.

4. Nach dem Gebrauch:

- Überprüfe die Inserts auf Abnutzung oder Beschädigungen.
- Lagere die Waffe und die Inserts an einem sicheren Ort.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoffen.
- Stelle sicher, dass die Inserts nicht in die Hände von Kindern gelangen.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder bei Fragen zu den RANSOM GRIP INSERTS, konsultiere die Website des Herstellers oder die Bedienungsanleitung.

Bitte beachte, dass die Sicherheitshinweise regelmäßig überprüft und aktualisiert werden sollten, um den neuesten Sicherheitsstandards zu entsprechen. Achte darauf, alle Anweisungen zu befolgen, um die Sicherheit und Leistung deiner RANSOM GRIP INSERTS zu gewährleisten.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS SIG SAUER P320 SMALL SUBCOMPACT, P365 XMACRO

Introduction

Thank you for choosing the Ransom International Grip Inserts for your SIG Sauer P320 Small SubCompact and P365 XMacro. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the grip inserts.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the grip inserts by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any product recalls. If a recall occurs, follow the instructions for returning or replacing the product.
- **Online Shopping:** When purchasing online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** Extra care should be taken when the product is used by vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on any unsafe products.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Master Series Ransom Rest. These inserts can damage your firearm and lead to unsafe conditions.
- **Understand Recoil Dynamics:** Be aware that hard inserts do not replicate the natural recoil dynamics of the human hand, leading to inaccurate test data.
- **Monitor Equipment Condition:** Regularly inspect your grip inserts and firearm for any signs of wear or damage.
- **Use Appropriate Inserts:** Only use inserts that are specifically designed to match the durometer of the human hand to ensure safe and effective operation.
- **Mimic Human Recoil:** Ensure that your testing methods mimic humanlike recoil to maintain accuracy and safety in your results.

Instructions for Installation and Usage

1. Installation of Grip Inserts:

- Ensure your firearm is unloaded before installing the grip inserts.
- Carefully remove any existing grip inserts from the Ransom Rest.
- Align the new grip inserts with the designated slots in the Ransom Rest.
- Firmly press the inserts into place until they are securely fitted.

2. Usage of Grip Inserts:

- When using the Ransom Rest with grip inserts, ensure that the machine is properly calibrated and stable.
- Monitor the firearm during use to ensure that it does not move out of alignment.
- After each use, check the grip inserts for any signs of damage or wear.

3. Testing Procedures:

- Follow the manufacturer's recommendations for conducting tests with the grip inserts.
- Avoid using hard or 3Dprinted inserts during testing, as they may produce inaccurate results and potentially damage the firearm.

Disposal Instructions

- Dispose of any damaged or worn grip inserts responsibly. Follow local regulations for disposal of plastic and other materials.
- Do not throw away the grip inserts in regular household waste. Instead, look for recycling options or designated disposal sites.

Contact Information for Further Support

For any questions or concerns regarding the use of the Ransom International Grip Inserts, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your Ransom International Grip Inserts. Thank you for prioritizing safety.

Istruzioni di Sicurezza per gli Inseriti RANSOM GRIP

Introduzione

Grazie per aver scelto gli Inseriti RANSOM GRIP per il tuo Master Series Ransom Rest. Questi inserti sono progettati per migliorare la precisione e la sicurezza durante l'uso della tua arma. È fondamentale seguire queste istruzioni di sicurezza per garantire un utilizzo sicuro e efficace.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo gli inserti RANSOM progettati specificamente per il tuo modello di arma.
- Non utilizzare inserti rigidi o in plastica stampati in 3D, poiché possono danneggiare l'arma e causare infortuni.
- Controlla regolarmente gli inserti per eventuali segni di usura o danni.
- Segui sempre le istruzioni del produttore per l'uso e la manutenzione.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti RANSOM sono progettati per assorbire il rinculo e le vibrazioni. Non tentare di modificare o adattare gli inserti.
- Evita di utilizzare l'arma in condizioni meteorologiche avverse, come pioggia o neve, che potrebbero compromettere la funzionalità degli inserti.
- Non lasciare mai l'arma incustodita mentre è in uso con gli inserti RANSOM.
- Assicurati che tutte le persone nelle vicinanze siano consapevoli dell'uso dell'arma e mantieni una distanza di sicurezza.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inseriti RANSOM:

- Rimuovi eventuali inserti precedenti o componenti della tua arma.
- Segui le istruzioni specifiche del produttore per installare gli inserti RANSOM.
- Assicurati che gli inserti siano ben fissati e non presentino segni di movimento o allentamento.

2. Utilizzo degli Inseriti RANSOM:

- Posiziona l'arma nel Ransom Rest in modo che gli inserti siano allineati correttamente con il telaio dell'arma.
- Inizia a sparare seguendo le procedure di sicurezza standard per l'uso delle armi da fuoco.
- Monitora le prestazioni degli inserti durante l'uso e controlla eventuali vibrazioni anomale.

Istruzioni per lo Smaltimento

- Gli inserti RANSOM non devono essere smaltiti insieme ai rifiuti domestici. Segui le normative locali per il corretto smaltimento dei materiali plastici e metallici.
- Contatta le autorità locali per informazioni sui punti di raccolta per materiali di scarto.

Informazioni di Contatto per Ulteriore Supporto

Per domande sulla sicurezza o sull'uso degli Inseriti RANSOM GRIP, si prega di contattare il produttore o il rivenditore autorizzato. Assicurati di avere a disposizione il numero di modello e altre informazioni pertinenti per

ricevere assistenza.

Ricorda, la sicurezza è fondamentale quando si maneggiano armi da fuoco. Segui sempre queste istruzioni per garantire un'esperienza di tiro sicura e precisa.
