

GRIP INSERTS - RANSOM GRIP INSERTS FOR SIG SAUER P365 XL

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR SIG SAUER P365 XL
- Manufacturer: RANSOM
- Product no.: 430119447
- Mfr. No.: 30-300-25-13-01
- Delivery weight: 0.907kg
- UPC: 810132582363

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die GRIP INSERTS

RANSOM GRIP INSERTS für SIG SAUER P365 XL

Einleitung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS von RANSOM, die speziell für die SIG SAUER P365 XL entwickelt wurden. Diese Anleitung soll sicherstellen, dass du die Inserts sicher und effektiv verwendest, um dein Schießerlebnis zu verbessern.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS in Übereinstimmung mit den Anweisungen verwendest, um potenzielle Gefahren zu vermeiden.
- Überprüfe regelmäßig die Inserts auf Risse oder Beschädigungen, bevor du sie verwendest.
- Halte die Inserts und alle damit verbundenen Geräte außerhalb der Reichweite von Kindern und anderen gefährdeten Personen.
- Informiere dich über Rückrufaktionen und Sicherheitswarnungen über die EU Safety Gate Plattform.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Verwende keine harten Grip Inserts oder 3Dgedruckte KunststoffGrip Inserts. Diese können die Waffe beschädigen und gefährliche Rückstoßenergie erzeugen.
- Achte darauf, dass die Inserts die DurometerHärte der menschlichen Hand nachahmen, um ein realistisches Schießerlebnis zu gewährleisten.
- Überwache die ersten Millisekunden des Schusses, um sicherzustellen, dass die Inserts korrekt funktionieren und Vibrationen absorbieren.
- Sei dir bewusst, dass harte Inserts die Lebensdauer des Laufs und der Waffe verringern können und möglicherweise Verletzungen verursachen.

Anweisungen zur Installation und Verwendung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass die Waffe entladen ist, bevor du die Inserts installierst.
- Befolge die spezifischen Anweisungen des Herstellers zur Installation der Inserts.
- Überprüfe, ob die Inserts sicher und fest sitzen, bevor du die Waffe verwendest.

2. Verwendung der GRIP INSERTS:

- Halte die Waffe mit beiden Händen und achte darauf, dass die Inserts korrekt platziert sind.
- Achte darauf, dass du die Vibrationen und den Rückstoß während des Schießens beobachtest.
- Vermeide übermäßigen Druck auf die Inserts, um Schäden zu vermeiden.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoff und Metallabfällen.
- Informiere dich über spezielle Entsorgungsstellen für gefährliche Materialien, falls erforderlich.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Unterstützung bezüglich der GRIP INSERTS wende dich bitte an den entsprechenden

Ansprechpartner in deinem Land oder recherchiere online nach weiteren Informationen.

Wichtiger Hinweis

Egal, ob es um destruktive Tests oder Genauigkeitstests geht, du musst den Menschen nachahmen, oder dein Test ist fehlerhaft. Verwende keine harten oder 3Dgedruckten Inserts, um die Sicherheit und Integrität deiner Waffe zu gewährleisten.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR SIG SAUER P365 XL

Introduction

Thank you for choosing the Ransom International Grip Inserts for your SIG Sauer P365 XL. These grip inserts are designed to enhance your shooting experience while ensuring safety and performance. This guide provides essential safety information and instructions for the proper use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the grip inserts by following the instructions carefully.
- Be aware of the risks associated with improper use, including damage to your firearm and potential injury.
- Always use the grip inserts as intended and do not modify them.
- Regularly check for product recalls or safety alerts related to your grip inserts.
- If you notice any signs of wear or damage, discontinue use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Master Series Ransom Rest, as these can damage your firearm.
- Be mindful that hard inserts can create destructive recoil energy, leading to inaccurate test results and potential firearm damage.
- The grip inserts are designed to mimic the durometer of the human hand, ensuring proper absorption of recoil and vibration.
- Avoid using hard or poorly engineered inserts, as they do not replicate humanlike recoil and can lead to flawed testing.
- Understand that damage from improper inserts may not be immediately visible but can accumulate over time, affecting the lifespan of your barrel and firearm.
- Remember that using hard inserts may lead to injuries or accidents, and they are not replicable for end users.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing grip inserts if applicable.
- Carefully insert the Ransom Grip Inserts into the designated area of your firearm, ensuring a snug fit.
- Verify that the grip inserts are securely in place before use.

2. Usage:

- Always handle your firearm responsibly and in accordance with local laws and regulations.
- Use the grip inserts only with the Master Series Ransom Rest as intended.
- Monitor the performance of the grip inserts during use for any signs of wear or damage.
- If you notice any unusual behavior from your firearm while using the grip inserts, stop using them immediately and consult a professional.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local waste disposal regulations.
- Do not throw grip inserts in regular household waste if they are made from materials that require special handling.
- Always check with local authorities for any specific disposal guidelines related to firearm accessories.

Contact Information for Further Support

For any questions or concerns regarding the Ransom Grip Inserts, please consult the manufacturer or authorized retailers for assistance. Always ensure that you have access to the latest safety information and product updates.

By following this safety instruction guide, you can ensure a safer and more effective shooting experience with your Ransom Grip Inserts for the SIG Sauer P365 XL. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important safety guidelines.

Istruzioni di Sicurezza per l'Uso degli Inserti Grip RANSOM per SIG SAUER P365 XL

Introduzione

Benvenuto nella guida di sicurezza per gli inserti grip RANSOM progettati per la pistola SIG SAUER P365 XL. Questi inserti sono stati sviluppati per migliorare le prestazioni del tuo Master Series Ransom Rest, garantendo un uso sicuro e efficace. È fondamentale seguire queste istruzioni per evitare danni all'arma e garantire la tua sicurezza durante l'uso.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo inserti grip RANSOM progettati specificamente per il tuo modello di pistola.
- Non utilizzare inserti grip rigidi o stampati in 3D, poiché possono danneggiare l'arma.
- Controlla regolarmente gli inserti per eventuali segni di usura o danni.
- Segui sempre le istruzioni di installazione e utilizzo fornite.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti grip RANSOM sono progettati per assorbire le vibrazioni e il rinculo. Non cercare di modificarli o sostituirli con altri materiali.
- Evita di utilizzare l'arma in condizioni estreme, come temperature molto elevate o basse, poiché ciò potrebbe influire sulle prestazioni degli inserti.
- Non effettuare test distruttivi senza seguire le linee guida di sicurezza appropriate.
- Se noti un comportamento anomalo durante l'uso, interrompi immediatamente l'operazione e controlla l'arma e gli inserti.

Istruzioni per l'Installazione e l'Uso

• Installazione:

1. Assicurati che l'arma sia scarica e priva di munizioni.
2. Segui le istruzioni del produttore per installare gli inserti grip RANSOM sul tuo Ransom Rest.
3. Verifica che gli inserti siano saldamente in posizione prima di utilizzare l'arma.

• Uso:

1. Posiziona l'arma sul Ransom Rest con gli inserti correttamente installati.
2. Assicurati che il Ransom Rest sia su una superficie stabile e sicura.
3. Effettua il tiro seguendo le linee guida di sicurezza standard per l'uso delle armi.

Istruzioni per lo Smaltimento

- Gli inserti grip RANSOM devono essere smaltiti in conformità con le normative locali riguardanti i materiali plastici e gli accessori per armi.
- Non gettare gli inserti nella spazzatura domestica. Contatta un centro di raccolta rifiuti specializzato per il corretto smaltimento.

Informazioni di Contatto per Ulteriori Supporto

Per domande o ulteriori informazioni sulla sicurezza degli inserti grip RANSOM, ti invitiamo a contattare il tuo rivenditore o il produttore. Assicurati di avere il numero di modello e altre informazioni pertinenti a portata di

mano.

Avvertenze Finali

- Ricorda che l'uso improprio degli inserti grip può portare a danni all'arma e a potenziali infortuni.
- Segui sempre le istruzioni e le linee guida di sicurezza per garantire la tua protezione e quella degli altri.

Grazie per aver scelto gli inserti grip RANSOM. La tua sicurezza è la nostra priorità.
