

GRIP INSERTS - RANSOM GRIP INSERTS FOR SIG SAUER P210 A

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR SIG SAUER P210 A
- Manufacturer: RANSOM
- Product no.: 430119451
- Mfr. No.: 30-300-25-17
- Delivery weight: 0.907kg
- UPC: 810132582349

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS für SIG SAUER P210 A

Einleitung

Herzlich willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS für deine SIG SAUER P210 A. Diese Anleitung soll dir helfen, die Produkte sicher und effektiv zu nutzen. Bitte beachte alle Hinweise, um Risiken zu vermeiden und die Lebensdauer deines Gewehrs zu maximieren.

Allgemeine Sicherheitshinweise

- Stelle sicher, dass du die GRIP INSERTS nur gemäß den Anweisungen verwendest.
- Verwende die Inserts nicht, wenn sie beschädigt oder abgenutzt sind.
- Halte die Inserts von Kindern und unbefugten Personen fern.
- Überprüfe regelmäßig die Funktionsfähigkeit der Inserts.
- Melde unsichere Produkte oder Unfälle den zuständigen Behörden.

Spezifische Sicherheitshinweise für die Verwendung

- Vermeide die Verwendung von harten oder 3Dgedruckten Einsätzen, da diese deinem Gewehr schaden können.
- Achte darauf, dass die Inserts mit dem Durometer der menschlichen Hand übereinstimmen, um optimale Ergebnisse zu erzielen.
- Stelle sicher, dass der Ransom Rest Einsatz korrekt installiert ist, um Vibrationen und Rückstoß effektiv zu absorbieren.
- Beachte, dass die Verwendung von ungeeigneten Einsätzen die Lebensdauer deines Gewehrs verringern kann und möglicherweise zu Verletzungen führt.

Anweisungen zur Installation und Nutzung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass die Waffe entladen ist, bevor du mit der Installation beginnst.
- Entferne die vorhandenen Griffeinsätze, falls vorhanden.
- Setze die GRIP INSERTS vorsichtig in die dafür vorgesehenen Halterungen ein.
- Überprüfe, ob die Inserts sicher und fest sitzen.

2. Nutzung der GRIP INSERTS:

- Halte die Waffe mit beiden Händen fest, um eine optimale Kontrolle zu gewährleisten.
- Achte darauf, dass du die Waffe in einem sicheren Bereich abfeuerst, um Verletzungen zu vermeiden.
- Verwende die Waffe nur mit den GRIP INSERTS, um die besten Testergebnisse zu erzielen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte GRIP INSERTS gemäß den örtlichen Vorschriften für Elektro und Elektronikaltgeräte.
- Stelle sicher, dass alle Teile sicher verpackt sind, um Verletzungen während der Entsorgung zu vermeiden.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder Unterstützung zu den GRIP INSERTS, wende dich bitte an den Hersteller oder einen autorisierten Händler. Achte darauf, alle Sicherheits und Gebrauchsanweisungen zu befolgen, um eine sichere Nutzung zu gewährleisten.

Diese Sicherheitshinweise sind gemäß den EU-Richtlinien für Produktsicherheit (GPSR) erstellt worden. Sie bieten dir die notwendigen Informationen, um die GRIP INSERTS sicher zu nutzen und mögliche Risiken zu minimieren.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR SIG SAUER P210

Introduction

Thank you for choosing the Ransom International Grip Inserts for your SIG Sauer P210. This guide provides essential safety information to ensure the safe and effective use of your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent injury or damage.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Ransom Rest. These can damage your firearm and produce unreliable test results.
- Always inspect the product before use to ensure it is in good condition.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Hard grip inserts can generate destructive recoil energy, damaging your firearm and leading to potential injury.
- **Proper Handling:** Always handle your firearm with care and in accordance with standard safety practices.
- **Absorption of Forces:** The grip inserts are designed to mimic the human hand, absorbing recoil and vibration. Ensure they are used as intended to maintain their effectiveness.
- **Regular Checks:** Periodically check the grip inserts for wear and tear. Replace them if they show signs of damage.
- **Follow Testing Protocols:** When conducting destructive or accuracy testing, ensure that the grip inserts are properly installed to replicate humanlike recoil.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and in a safe condition before installation.
- Remove any existing grip inserts from your Ransom Rest.
- Align the Ransom Grip Inserts with the designated slots in the Ransom Rest.
- Press firmly until the inserts are securely in place.

2. Usage:

- Place your firearm in the Ransom Rest with the grip inserts installed.
- Ensure that the firearm is stable and secured before firing.
- Observe the first few milliseconds of shot; the inserts should absorb recoil effectively.
- Avoid using hard grip inserts or 3Dprinted options as they can lead to inaccurate results and potential damage.

3. PostUse Maintenance:

- After use, inspect the grip inserts for any signs of damage.
- Clean the inserts as necessary to maintain their condition.
- Store the Ransom Rest and grip inserts in a dry, safe place.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety or use of the Ransom Grip Inserts, please refer to the appropriate contact point in your region or consult the manufacturer's website for additional support.

Conclusion

The Ransom International Grip Inserts are designed to enhance your shooting experience while ensuring safety and reliability. By following the guidelines outlined in this manual, you can maximize the effectiveness of your product and minimize risks. Thank you for your attention to safety and for choosing Ransom International.

Istruzioni di Sicurezza per l'Utilizzo degli Inserti RANSOM per SIG SAUER P210 A

Introduzione

Grazie per aver scelto gli Inserti RANSOM per il tuo SIG SAUER P210 A. Questo prodotto è progettato per migliorare la tua esperienza di tiro, offrendo prestazioni superiori e proteggendo la tua arma. È fondamentale seguire le istruzioni di sicurezza per garantire un utilizzo sicuro e responsabile.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo inserti RANSOM progettati specificamente per il tuo modello di arma.
- Non utilizzare inserti rigidi o inserti in plastica stampati in 3D. Questi possono danneggiare l'arma e compromettere la tua sicurezza.
- Controlla regolarmente gli inserti per segni di usura o danni. Sostituisci gli inserti danneggiati immediatamente.
- Segui sempre le istruzioni del produttore per l'uso e la manutenzione degli inserti.

Precauzioni di Sicurezza Specifiche per l'Uso

- **Controllo delle Forze:** Gli inserti RANSOM sono progettati per controllare le forze generate durante il rinculo. Assicurati di utilizzare gli inserti corretti per evitare danni all'arma.
- **Assorbimento del Rinculo:** Gli inserti RANSOM assorbono i primi millisecondi di colpo. Non utilizzare inserti non progettati per questo scopo, poiché possono causare infortuni.
- **Durata Maggiore:** L'uso di inserti rigidi può ridurre la vita della canna e dell'arma. Evita di utilizzare materiali non raccomandati.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti:

- Rimuovi gli inserti esistenti dall'impugnatura della tua arma.
- Pulisci l'area di installazione per rimuovere polvere o detriti.
- Inserisci gli inserti RANSOM nell'impugnatura seguendo le istruzioni specifiche fornite con il prodotto.
- Assicurati che gli inserti siano ben fissati e che non ci siano spazi vuoti.

2. Uso degli Inserti:

- Prima di utilizzare l'arma, verifica che gli inserti siano installati correttamente.
- Durante il tiro, mantieni una presa salda sull'arma per massimizzare l'efficacia degli inserti.
- Evita di utilizzare l'arma in condizioni estreme che potrebbero compromettere la funzionalità degli inserti.

Istruzioni per lo Smaltimento

- Gli inserti RANSOM non devono essere smaltiti in modo irresponsabile. Segui le normative locali per il corretto smaltimento dei materiali.
- Se gli inserti sono danneggiati o non più utilizzabili, contatta un centro di smaltimento autorizzato.

Informazioni di Contatto per Ulteriori Supporto

Per domande relative alla sicurezza o per segnalare prodotti difettosi, contatta il tuo rivenditore o il produttore. È importante avere un punto di contatto per qualsiasi problema di sicurezza.

Conclusione

Seguire queste istruzioni di sicurezza è fondamentale per garantire un utilizzo sicuro e responsabile degli Inserti RANSOM per SIG SAUER P210 A. La tua sicurezza e quella degli altri è la priorità principale. Se hai dubbi o domande, non esitare a cercare supporto.
