

# GRIP INSERTS - RANSOM GRIP INSERTS SIG SAUER P211 1320

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

## Attributes

- Name: RANSOM GRIP INSERTS SIG SAUER P211 1320
- Manufacturer: RANSOM
- Product no.: 430119454
- Mfr. No.: 30-300-25-23
- Delivery weight: 0.907kg
- UPC: 810132582417

## Item details

Made in USA

US export classification: 0A501.y.1

# Sicherheitshinweise für GRIP INSERTS RANSOM

## GRIP INSERTS SIG SAUER P211 1320

### Einleitung

Herzlichen Glückwunsch zum Kauf der RANSOM GRIP INSERTS für deine Master Series Ransom Rest. Diese Inserts sind speziell entwickelt worden, um die Leistung deines Gewehrs zu optimieren und gleichzeitig mögliche Schäden zu vermeiden. Bitte lies die folgenden Sicherheitshinweise sorgfältig durch, um eine sichere und effektive Anwendung zu gewährleisten.

### Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Inserts nur für den vorgesehenen Zweck verwendest.
- Vermeide die Verwendung von harten Grip Inserts oder 3Dgedruckten Kunststoffinserts.
- Achte darauf, dass alle Komponenten deines Gewehrs in gutem Zustand sind, bevor du die Inserts verwendest.
- Halte dich an alle geltenden Gesetze und Vorschriften bezüglich des Besitzes und der Nutzung von Feuerwaffen.

### Spezifische Sicherheitsvorkehrungen für die Verwendung

- **Vermeide harte Inserts:** Harte Inserts können zerstörerische Rückstoßenergie erzeugen, die deinem Gewehr schaden kann.
- **Vermeide 3Dgedruckte Inserts:** Diese sind oft schlecht konstruiert und können den menschlichen Rückstoß nicht nachahmen, was zu ungenauen Testergebnissen führt.
- **Beobachte die Rückstoßkräfte:** Achte darauf, wie dein Gewehr auf den Rückstoß reagiert, und passe deine Technik entsprechend an.
- **Prüfe regelmäßig auf Schäden:** Untersuche die Inserts und dein Gewehr regelmäßig auf Anzeichen von Abnutzung oder Beschädigung.

### Anweisungen zur Installation und Benutzung

#### 1. Installation der Inserts:

- Entferne die vorhandenen Inserts aus der Ransom Rest.
- Setze die RANSOM GRIP INSERTS vorsichtig und gleichmäßig in die vorgesehenen Halterungen ein.
- Stelle sicher, dass die Inserts fest sitzen und keine Lücken aufweisen.

#### 2. Benutzung der Inserts:

- Stelle dein Gewehr sicher auf die Ransom Rest.
- Achte darauf, dass die Inserts korrekt positioniert sind, um eine optimale Leistung zu gewährleisten.
- Führe deine Schüsse wie gewohnt durch und beobachte, wie die Inserts den Rückstoß und die Vibrationen absorbieren.

### Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoff oder Metallabfällen.
- Informiere dich über spezielle Recyclingprogramme, die möglicherweise in deiner Region verfügbar sind.

## **Kontaktinformationen für weitere Unterstützung**

Für weitere Informationen oder bei Fragen zur Sicherheit und Anwendung der RANSOM GRIP INSERTS, wende dich bitte an den Hersteller oder deinen Händler. Es ist wichtig, dass du alle Sicherheitsrichtlinien beachtest, um eine sichere Nutzung zu gewährleisten.

## **Wichtige Hinweise**

- Wenn ein hartes oder 3Dgedrucktes Insert funktionieren würde, würden alle Gewehrhersteller sie bereits verwenden. Sei vorsichtig, viele haben es versucht und sind auf die harte Tour klüger geworden.
- Achte darauf, dass du keine harten oder 3Dgedruckten Inserts verwendest, um mögliche Verletzungen oder Schäden zu vermeiden.

Bitte beachte diese Sicherheitshinweise sorgfältig, um die optimale Leistung deines Gewehrs zu gewährleisten und mögliche Risiken zu minimieren.

# Safety Instruction Guide for GRIP INSERTS

## RANSOM GRIP INSERTS SIG SAUER P211 1320

### Introduction

Thank you for choosing the Ransom International Grip Inserts for your Master Series Ransom Rest. These inserts are specifically designed to enhance your shooting experience by mimicking the natural recoil absorption of the human hand. This guide provides important safety information and instructions to ensure safe and effective use of the product.

### General Safety Guidelines

- **Product Safety:** Always ensure safe use of the grip inserts. These inserts are designed for nonfood products and should be used according to the guidelines provided.
- **Enhanced Recalls:** Stay informed about any product recalls. In case of a safety issue, look for standardized recall notices and remedies available for dangerous products.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety regulations equivalent to those of physical stores.
- **Consumer Focus:** Extra care should be taken when using these products around vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, ensure that you have access to EU-based support.
- **Rapid Alerts:** Keep an eye on the EU's Safety Gate platform for fast updates on unsafe products.

### Specific Safety Precautions for Use

- **Do Not Use Hard Grip Inserts:** Avoid using hard grip inserts or 3Dprinted plastic grip inserts. These can generate destructive recoil energy, damaging the firearm.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be eliminated but can be controlled. Hard inserts can lead to harmful effects on the gun.
- **Monitor Insert Wear:** Regularly check the condition of the grip inserts. Damage may not be immediately visible but can accumulate over time.
- **Avoid Injury:** Using hard inserts may not only damage the firearm but can also pose risks of injury or even death.
- **Conduct Tests Properly:** For accurate testing, mimic humanlike recoil. Using hard or 3Dprinted inserts will yield flawed results.

### Instructions for Installation and Usage

- **Installation:**

1. Ensure the firearm is unloaded before installing the grip inserts.
2. Remove any existing grip inserts from the Ransom Rest.
3. Align the Ransom Grip Inserts with the mounting area of the Ransom Rest.
4. Secure the inserts according to the manufacturer's instructions, ensuring they are firmly in place.

- **Usage:**

1. Place the firearm into the Ransom Rest with the installed grip inserts.
2. Prepare for shooting by ensuring that all safety measures are in place.
3. Fire the weapon while monitoring the performance of the grip inserts.
4. After use, inspect the grip inserts for any signs of wear or damage.

## **Disposal Instructions**

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Ensure that any nonbiodegradable materials are disposed of in an environmentally responsible manner.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Ransom Grip Inserts, please refer to the contact information provided by the manufacturer or retailer.

By following these guidelines, you can ensure the safe and effective use of the Ransom International Grip Inserts. Thank you for your attention to safety and for choosing our product.

# Istruzioni di Sicurezza per l'Uso degli Inserti GRIP RANSOM per SIG SAUER P211

## Introduzione

Benvenuto nel manuale di istruzioni per gli Inserti GRIP RANSOM per SIG SAUER P211. Questo documento fornisce informazioni importanti sulla sicurezza, l'uso e la manutenzione di questo prodotto. Si prega di leggere attentamente queste istruzioni per garantire un utilizzo sicuro ed efficace.

## Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo gli inserti GRIP RANSOM specificamente progettati per il tuo Ransom Rest Master Series.
- Non utilizzare inserti rigidi o stampati in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Controlla regolarmente gli inserti per segni di usura o danni.
- Segui sempre le istruzioni del produttore per l'uso e la manutenzione.

## Precauzioni di Sicurezza Specifiche per l'Uso

- **Non utilizzare inserti rigidi:** Questi possono generare un'energia di rinculo distruttiva che danneggia il telaio e la canna dell'arma.
- **Assorbimento delle vibrazioni:** Gli inserti sono progettati per assorbire vibrazioni e rinculo, riducendo il rischio di danni all'arma.
- **Controllo delle forze:** Ricorda che vibrazione e rinculo non possono essere fermati, ma solo controllati. Gli inserti devono comportarsi come la mano umana per garantire sicurezza e precisione.
- **Attenzione ai danni:** Anche se il danno potrebbe non essere subito visibile, si accumula ad ogni colpo. Utilizzare inserti non idonei può portare a infortuni gravi.

## Istruzioni per l'Installazione e l'Uso

### 1. Installazione:

- Rimuovi gli inserti esistenti dal Ransom Rest.
- Posiziona gli inserti GRIP RANSOM nella loro corretta posizione, assicurandoti che siano ben fissati.
- Controlla che non ci siano spazi o movimenti eccessivi.

### 2. Uso:

- Posiziona l'arma sul Ransom Rest con gli inserti installati.
- Assicurati che l'arma sia in una posizione stabile e sicura prima di iniziare il test.
- Monitora attentamente il comportamento dell'arma durante il test per eventuali segni di vibrazione eccessiva o danni.

### 3. Manutenzione:

- Pulisci regolarmente gli inserti per rimuovere polvere e detriti.
- Sostituisci gli inserti se noti segni di usura o danni.

## Istruzioni per lo Smaltimento

- Gli inserti GRIP RANSOM non devono essere smaltiti con i rifiuti domestici. Segui le normative locali per il corretto smaltimento di prodotti di plastica e materiali non biodegradabili.

- Verifica le opzioni di riciclaggio nella tua area per garantire un corretto smaltimento.

## **Informazioni di Contatto per Ulteriore Supporto**

Per ulteriori informazioni o domande riguardanti la sicurezza degli Inserti GRIP RANSOM, ti invitiamo a contattare il produttore o il tuo rivenditore autorizzato. Assicurati di avere a disposizione il numero di modello e la descrizione del prodotto per una risposta più rapida.

## **Conclusione**

La sicurezza è la nostra priorità. Seguendo queste istruzioni e linee guida, puoi garantire un uso sicuro e efficace degli Inserti GRIP RANSOM per SIG SAUER P211. Grazie per aver scelto il nostro prodotto.
