

GRIP INSERTS - RANSOM GRIP INSERTS FOR TAURUS TX22

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR TAURUS TX22
- Manufacturer: RANSOM
- Product no.: 430119502
- Mfr. No.: 30-300-28-09
- Delivery weight: 0.907kg
- UPC: 810132583094

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für die Verwendung der RANSOM GRIP INSERTS für die Taurus TX22

Einleitung

Herzlichen Glückwunsch zum Kauf der RANSOM GRIP INSERTS für deine Taurus TX22! Diese Inserts sind speziell entwickelt worden, um den Schutz deiner Waffe zu optimieren und die Testergebnisse zu verbessern. Bitte lese diese Sicherheitshinweise sorgfältig durch, um sicherzustellen, dass du die Inserts sicher und effektiv verwendest.

Allgemeine Sicherheitsrichtlinien

- Die RANSOM GRIP INSERTS sind nur für die Verwendung mit dem Master Series Ransom Rest vorgesehen.
- Verwende keine harten Grip Inserts oder 3Dgedruckten KunststoffGrip Inserts, da diese deinem Gewehr schaden können.
- Achte darauf, die Inserts regelmäßig auf Abnutzung oder Beschädigungen zu überprüfen.
- Halte die Inserts und die Waffe außerhalb der Reichweite von Kindern und schütze sie vor unsachgemäßer Handhabung.
- Informiere dich über die richtigen Sicherheitsvorkehrungen beim Schießen und der Handhabung von Waffen.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- **Vermeidung harter Inserts:** Harte Inserts erzeugen destruktive Rückstoßenergien, die deinem Gewehr schaden können. Verwende nur die RANSOM Grip Inserts, die speziell für die menschliche Hand entwickelt wurden.
- **Vibrationsabsorption:** Die Inserts sind so konzipiert, dass sie die ersten Millisekunden des Schusses absorbieren. Achte darauf, dass die Inserts korrekt installiert sind, um ihre Funktionalität zu gewährleisten.
- **Langfristige Auswirkungen:** Ein hartes Insert kann die Lebensdauer des Laufs und der Waffe verringern. Sei dir bewusst, dass wiederholte Verwendung von ungeeigneten Inserts zu ernsthaften Schäden führen kann.

Anweisungen für Installation und Verwendung

1. Installation der Inserts:

- Stelle sicher, dass die Waffe entladen ist, bevor du mit der Installation beginnst.
- Entferne die alten Inserts, falls vorhanden, und reinige den Bereich gründlich.
- Setze die RANSOM Grip Inserts gemäß der beiliegenden Anleitung ein. Achte darauf, dass sie fest und sicher sitzen.

2. Verwendung der Inserts:

- Verwende die RANSOM Grip Inserts ausschließlich in Verbindung mit dem Master Series Ransom Rest.
- Überprüfe vor jedem Gebrauch, ob die Inserts in gutem Zustand sind.
- Führe deine Tests in einer sicheren Umgebung durch und halte dich an alle Sicherheitsrichtlinien für den Umgang mit Waffen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für die Entsorgung von Kunststoff oder ähnlichen Materialien.
- Stelle sicher, dass die Inserts nicht in die Hände von Kindern gelangen, bevor du sie entsorgst.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder weitere Informationen zu den RANSOM GRIP INSERTS wende dich bitte an den Hersteller oder den Händler, bei dem du das Produkt erworben hast. Achte darauf, alle Sicherheitsvorkehrungen zu beachten und deine Waffe verantwortungsbewusst zu handhaben.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR TAURUS TX22

Introduction

Thank you for choosing the Ransom International Grip Inserts designed for the Taurus TX22. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure safe use by following all instructions provided in this guide.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts with your Master Series Ransom Rest. These can damage your firearm and produce inaccurate test results.
- Be aware that hard or poorly engineered inserts can cause destructive recoil energy to travel through the frame and barrel of your gun.
- Always mimic humanlike recoil during testing for accurate results. Hard inserts will not replicate this and may lead to flawed test data.
- Inspect your equipment regularly to ensure it remains in good condition.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Using hard grip inserts can lead to damage to your firearm and may result in injury. These inserts do not absorb recoil effectively.
- **Monitor for Damage:** Regularly check for signs of wear or damage to both the insert and the firearm.
- **Follow Manufacturer Guidelines:** Always adhere to the manufacturer's instructions to ensure optimal performance and safety.
- **Use with Caution:** Be mindful of the forces at play during shooting. The inserts are designed to absorb recoil, but misuse can lead to accidents.
- **Age Restrictions:** Ensure that only individuals who are trained and knowledgeable about firearms use this product.

Instructions for Installation and Usage

1. Installation:

- Remove any existing grip inserts from the firearm.
- Carefully fit the Ransom Grip Inserts into the designated area of the grip. Ensure a snug and secure fit.
- Check for proper alignment and stability before use.

2. Usage:

- Place the firearm securely in the Ransom Rest.
- Ensure the machine is properly set up and in a stable position before beginning any tests.
- Conduct tests in a controlled environment to minimize risks associated with recoil and vibration.
- Monitor the firearm and insert during use for any unusual behavior or signs of damage.

3. PostUsage Care:

- After use, inspect the grip inserts and firearm for any signs of wear or damage.
- Clean the inserts and the firearm according to the manufacturer's recommendations.

- Store the inserts in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or worn grip inserts responsibly. Do not throw them in regular household waste.
- Check local regulations for proper disposal methods for firearm accessories and materials.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the manufacturer's contact details provided with your product.

Please remember that safety is paramount when handling firearms and related accessories. Always prioritize responsible usage and adhere to the guidelines outlined in this document.

Guida alle Istruzioni di Sicurezza per gli Inserti Grip Ransom per Taurus TX22

Introduzione

Benvenuto nella guida alle istruzioni di sicurezza per gli Inserti Grip Ransom per Taurus TX22. Questa guida è progettata per garantire un uso sicuro e corretto del prodotto, in conformità con le normative europee sulla sicurezza dei prodotti. Ti invitiamo a leggere attentamente queste istruzioni prima di utilizzare il prodotto.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare gli Inserti Grip Ransom solo con il Master Series Ransom Rest.
- Non utilizzare grip inserts rigidi o in plastica stampati in 3D, in quanto possono danneggiare l'arma e compromettere la sicurezza.
- Controlla regolarmente il prodotto per eventuali segni di usura o danni.
- Segnala eventuali prodotti non sicuri o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti sono progettati per assorbire il rinculo e le vibrazioni; assicurati che siano installati correttamente per massimizzare la loro efficacia.
- Non tentare di modificare o riparare gli inserti in modo non autorizzato.
- Evita di utilizzare l'arma con inserti non conformi, poiché ciò può portare a risultati di test errati e possibili danni all'arma.
- Assicurati che l'area di tiro sia sicura e che tu stia seguendo tutte le normative di sicurezza relative all'uso delle armi.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti Grip Ransom:

- Rimuovi eventuali inserti esistenti dal Master Series Ransom Rest.
- Posiziona gli Inserti Grip Ransom nel supporto, assicurandoti che siano ben fissati.
- Verifica che non ci siano spazi vuoti tra l'inserto e il supporto.

2. Uso del Master Series Ransom Rest:

- Posiziona l'arma in modo sicuro nel Ransom Rest, seguendo le istruzioni del produttore.
- Assicurati che l'arma sia in una posizione stabile e corretta prima di eseguire il test di tiro.
- Durante il tiro, osserva attentamente il comportamento dell'arma e dell'inserto; eventuali anomalie devono essere segnalate.

3. Manutenzione:

- Pulisci regolarmente gli inserti per rimuovere polvere e detriti.
- Controlla gli inserti per eventuali segni di usura o danni e sostituiscili se necessario.

Istruzioni per il Ritiro

- Non gettare gli inserti nei rifiuti domestici.
- Segui le normative locali per lo smaltimento dei materiali di plastica e degli inserti usurati.
- Contatta le autorità locali per informazioni sul corretto smaltimento.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni o supporto, ti invitiamo a contattare il produttore o il rivenditore autorizzato. Assicurati di avere a disposizione il numero di modello e la prova di acquisto.

Conclusioni

Seguendo queste istruzioni di sicurezza, puoi garantire un utilizzo sicuro e efficace degli Inserti Grip Ransom per Taurus TX22. La tua sicurezza e quella degli altri è la nostra priorità. Grazie per aver scelto i nostri prodotti.
