

GRIP INSERTS - RANSOM GRIP INSERTS FOR FN FNS-9

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR FN FNS-9
- Manufacturer: RANSOM
- Product no.: 430119537
- Mfr. No.: 30-300-33-1
- Delivery weight: 0.907kg

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS für FN FNS9

Einleitung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS, die speziell für deine FN FNS9 entwickelt wurden. Diese Anleitung hilft dir, das Produkt sicher und effektiv zu nutzen, um mögliche Risiken zu minimieren und die Lebensdauer deines Gewehrs zu maximieren.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die GRIP INSERTS nur mit dem Master Series Ransom Rest verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckten KunststoffGrip Inserts, da diese deinem Gewehr schaden können.
- Berücksichtige die spezifischen Anweisungen und Warnungen in dieser Anleitung, um Verletzungen oder Schäden zu vermeiden.
- Informiere dich über Rückrufaktionen und Sicherheitswarnungen über die EU Safety Gate Plattform.

Spezifische Sicherheitsvorkehrungen für die Nutzung

- Die GRIP INSERTS sind so gestaltet, dass sie der DurometerHärte der menschlichen Hand entsprechen. Dies hilft, Rückstoßenergie zu absorbieren.
- Achte darauf, dass du die Inserts korrekt installierst, um optimale Leistung und Sicherheit zu gewährleisten.
- Vermeide es, die Inserts in Verbindung mit harten Materialien zu verwenden, da dies die Testergebnisse ungünstig machen kann.
- Sei vorsichtig, wenn du mit dem Gewehr arbeitest. Halte die Waffe immer in einem sicheren Zustand.

Anweisungen für Installation und Nutzung

1. Installation der GRIP INSERTS:

- Stelle sicher, dass das Gewehr entladen ist, bevor du mit der Installation beginnst.
- Entferne die alten Inserts, falls vorhanden, und reinige den Bereich gründlich.
- Setze die GRIP INSERTS vorsichtig in die vorgesehenen Bereiche ein. Achte darauf, dass sie fest sitzen.
- Überprüfe, ob die Inserts korrekt installiert sind, bevor du das Gewehr benutzt.

2. Nutzung der GRIP INSERTS:

- Verwende das Gewehr gemäß den Anweisungen des Herstellers.
- Achte darauf, dass die Inserts immer in gutem Zustand sind. Überprüfe sie regelmäßig auf Abnutzung oder Beschädigungen.
- Bei Anzeichen von Beschädigungen oder übermäßiger Abnutzung, ersetze die Inserts umgehend.

Entsorgungsanweisungen

- Entsorge alte oder beschädigte GRIP INSERTS gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Achte darauf, dass die Entsorgung umweltfreundlich erfolgt und keine schädlichen Materialien in die Umwelt gelangen.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Anliegen zu den GRIP INSERTS empfehlen wir, dich an den Hersteller zu wenden oder die offizielle Website zu besuchen, um weitere Informationen zu erhalten.

Bitte beachte, dass diese Sicherheitshinweise dazu dienen, dir zu helfen, die GRIP INSERTS sicher und effektiv zu nutzen. Halte dich an alle Anweisungen und sei vorsichtig im Umgang mit deinem Gewehr.

Safety Instruction Guide for GRIP INSERTS

RANSOM GRIP INSERTS FOR FN FNS9

Introduction

Thank you for choosing the Ransom International Grip Inserts. These inserts are designed to enhance the performance of your Master Series Ransom Rest while ensuring the safety and integrity of your firearm. This guide provides essential safety instructions and precautions to help you use the product effectively and safely.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or removing the grip inserts.
- Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they may damage your gun and produce unreliable test results.
- Understand that vibration and recoil are natural forces that cannot be eliminated but can be controlled. Using the correct grip inserts is crucial to managing these forces effectively.
- Regularly inspect your grip inserts for wear and tear. Replace them if they show signs of damage.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental misuse.

Specific Safety Precautions for Use

- **Avoid Hard Inserts:** Do not use hard grip inserts or 3Dprinted plastic grip inserts, as they can generate destructive recoil energy, leading to potential damage to your firearm.
- **Proper Installation:** Ensure that the grip inserts are installed correctly to absorb recoil and vibration effectively.
- **Monitoring Performance:** Be aware that using improper inserts can lead to inaccurate test results and may compromise the safety of the firearm.
- **Handling:** Always handle the firearm with care, following standard safety practices, especially when testing for accuracy or conducting destructive testing.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and in a safe condition.
- Gather all necessary tools for installation.

2. Installation of Grip Inserts:

- Remove the existing grip from the Ransom Rest.
- Align the grip insert with the mounting points on the Ransom Rest.
- Securely fasten the grip insert in place, ensuring there are no gaps or loose fittings.

3. Usage:

- Once installed, test the setup with your firearm in a controlled environment.
- Monitor the performance of the grip inserts during use. If you notice any unusual vibrations or recoil, stop using the product and inspect it.
- Always follow the manufacturer's guidelines for operating the Ransom Rest.

4. PostUse Care:

- After use, clean the grip inserts according to the manufacturer's recommendations.

- Store the grip inserts in a dry, safe place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Do not dispose of grip inserts in general waste if they are made from materials that can be recycled. Check with local recycling programs for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the Ransom International Grip Inserts, please refer to the manufacturer's official website or customer service channels. It is essential to have access to support for any safetyrelated questions or issues.

Conclusion

By following these safety instructions and precautions, you can ensure a safe and effective experience with your Ransom International Grip Inserts. Always prioritize safety and proper handling of your firearm to prevent accidents and ensure reliable performance. Thank you for your attention to these important guidelines.

Istruzioni di Sicurezza per l'Uso degli Inserti GRIP RANSOM per FN FNS9

Introduzione

Grazie per aver scelto gli Inserti GRIP RANSOM per il tuo FN FNS9. Questo prodotto è progettato per migliorare la tua esperienza di tiro e garantire prestazioni superiori. Tuttavia, è importante seguire attentamente le istruzioni di sicurezza e utilizzo per garantire la tua sicurezza e quella degli altri.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo gli Inserti GRIP RANSOM specificamente progettati per il tuo modello di arma.
- Non utilizzare inserti rigidi o stampati in 3D, poiché possono danneggiare l'arma e compromettere la tua sicurezza.
- Mantieni gli inserti e l'arma lontani da fonti di umidità e calore eccessivo.
- Controlla regolarmente gli inserti per eventuali segni di usura o danni.
- Non utilizzare l'arma se gli inserti mostrano segni di deterioramento.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti sono progettati per assorbire il rinculo e le vibrazioni. Non tentare di modificarli.
- Utilizza sempre occhiali protettivi e protezioni per le orecchie durante il tiro.
- Assicurati che l'area di tiro sia sicura e che non ci siano persone non autorizzate nelle vicinanze.
- Non lasciare mai l'arma incustodita, specialmente con gli inserti installati.
- In caso di malfunzionamento dell'arma, interrompi immediatamente l'uso e contatta un esperto.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti:

- Rimuovi l'impugnatura esistente dall'arma seguendo le istruzioni del produttore.
- Pulisci l'area di contatto per garantire una buona aderenza.
- Posiziona gli Inserti GRIP RANSOM nell'impugnatura dell'arma.
- Assicurati che gli inserti siano saldamente fissati e che non ci siano spazi vuoti.
- Rimonta l'impugnatura sull'arma.

2. Uso degli Inserti:

- Prima di ogni sessione di tiro, verifica che gli inserti siano in buone condizioni.
- Utilizza l'arma in un ambiente controllato e sicuro.
- Monitora le prestazioni dell'arma e degli inserti durante l'uso. Se noti anomalie, interrompi l'uso.

Istruzioni per lo Smaltimento

- Gli inserti usati devono essere smaltiti in modo responsabile.
- Non gettare gli inserti nella spazzatura normale; verifica le normative locali sullo smaltimento dei materiali.
- Contatta il tuo centro di raccolta rifiuti locale per informazioni su come smaltire correttamente gli inserti.

Informazioni di Contatto per Ulteriori Supporto

Per eventuali domande o preoccupazioni riguardanti la sicurezza e l'uso degli Inserti GRIP RANSOM, ti invitiamo

a contattare il produttore o un esperto nel settore.

Conclusione

Seguendo queste linee guida di sicurezza, puoi garantire un'esperienza di tiro sicura e soddisfacente. Ricorda che la sicurezza è la priorità principale quando si utilizza qualsiasi arma da fuoco.
