

GRIP INSERTS - RANSOM GRIP INSERTS FOR POLYMER 80 PFC/PFS9

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR POLYMER 80 PFC/PFS9
- Manufacturer: RANSOM
- Product no.: 430119558
- Mfr. No.: 30-300-48-01
- Delivery weight: 0.907kg
- UPC: 810132581748

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM

GRIP INSERTS FÜR POLYMER 80 PFC/PFS9

Einleitung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS, die speziell für deine Polymer 80 PFC/PFS9 entwickelt wurden. Diese Anleitung hilft dir, die Sicherheit bei der Verwendung des Produkts zu gewährleisten und potenzielle Risiken zu minimieren.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Grip Inserts nur gemäß den Anweisungen verwendest.
- Halte das Produkt außerhalb der Reichweite von Kindern und schutzbedürftigen Personen.
- Überprüfe regelmäßig den Zustand der Inserts auf Risse oder Beschädigungen.
- Verwende keine harten oder 3Dgedruckten Inserts, da diese deinem Gewehr schaden können.
- Achte darauf, dass das Produkt während des Gebrauchs stabil und sicher positioniert ist.

Besondere Sicherheitsvorkehrungen für die Verwendung

- Vermeide den Einsatz von harten Grip Inserts, da sie destruktive Rückstoßenergie erzeugen können.
- Nutze die Inserts nur mit dem Ransom Rest, um eine optimale Leistung zu gewährleisten.
- Achte darauf, dass die Inserts korrekt installiert sind, um Verletzungen und Schäden zu vermeiden.
- Bei Anzeichen von übermäßiger Vibration oder Rückstoß, überprüfe die Inserts sofort.
- Informiere dich über die richtige Handhabung und Pflege des Produkts, um seine Lebensdauer zu verlängern.

Anweisungen zur Installation und Nutzung

1. **Vorbereitung:** Stelle sicher, dass das Gewehr und der Ransom Rest sauber und trocken sind.
2. **Installation der Inserts:**
 - Entferne alle alten Inserts, die möglicherweise beschädigt sind.
 - Setze die neuen Grip Inserts vorsichtig in die vorgesehenen Halterungen ein.
 - Überprüfe, dass die Inserts fest sitzen und keine Bewegungen aufweisen.
3. **Nutzung:**
 - Stelle das Gewehr sicher auf den Ransom Rest.
 - Achte darauf, dass die Inserts während des Schießens korrekt funktionieren und keine Anzeichen von Beschädigung aufweisen.
 - Beobachte die Vibrationen und den Rückstoß, um sicherzustellen, dass die Inserts ihre Funktion erfüllen.
4. **Nach dem Gebrauch:** Reinige die Inserts und das Gewehr nach jedem Gebrauch, um Schmutz und Ablagerungen zu entfernen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Stelle sicher, dass alle Teile des Produkts umweltgerecht entsorgt werden.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Bedenken bezüglich der Sicherheit und Verwendung des Produkts, wende dich bitte an den Händler oder den Hersteller. Es ist wichtig, dass du bei Unsicherheiten immer professionelle Unterstützung suchst.

Diese Sicherheitshinweise sind darauf ausgelegt, dir zu helfen, das Produkt sicher und effektiv zu verwenden. Achte darauf, alle Anweisungen zu befolgen, um Risiken zu minimieren und die Sicherheit zu gewährleisten.

GRIP INSERTS RANSOM GRIP INSERTS FOR POLYMER 80 PFC/PFS9 Safety Instruction Guide

Introduction

Thank you for choosing the Ransom International Grip Inserts for your Polymer 80 PFC/PFS9. This guide provides essential safety information to ensure the safe use of the product. Please read this document carefully and keep it for future reference.

General Safety Guidelines

- Ensure safe use of the grip inserts by following all instructions provided in this guide.
- Be aware of risks associated with improper use, including potential damage to your firearm and personal injury.
- Always use the grip inserts as intended and avoid modifications that could compromise safety.
- If you have any doubts or questions regarding the use of this product, seek assistance from a qualified professional.

Specific Safety Precautions for Use

- **Do Not Use Hard Inserts:** Avoid using hard grip inserts or 3Dprinted plastic grip inserts. These can cause damage to your firearm by generating destructive recoil energy that travels through the frame and barrel.
- **Understand Recoil Dynamics:** Recognize that vibration and recoil cannot be stopped; they can only be controlled. Hard inserts do not replicate humanlike recoil, leading to invalid test data.
- **Monitor for Damage:** Regularly inspect your firearm for any signs of wear or damage that may result from improper use of grip inserts.
- **Injury Risks:** Be aware that using inappropriate inserts may lead to injury or death. A hard insert may not provide a safe experience for the end user.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and in a safe condition before installing the grip inserts.
- Follow the manufacturer's instructions for properly installing the grip inserts to ensure optimal performance.
- Verify that the inserts fit securely and do not interfere with the operation of the firearm.

2. Usage:

- When using the Ransom Rest with the grip inserts, ensure that you are mimicking humanlike handling to achieve accurate test results.
- The inserts are designed to absorb recoil and vibration, so ensure they are functioning correctly during use.
- Avoid using the Ransom Rest with hard or 3Dprinted inserts, as these may lead to inaccurate results and potential firearm damage.

3. Testing:

- Conduct tests in a controlled environment, ensuring that all safety protocols are followed.
- If any unusual vibrations or sounds are detected during testing, stop immediately and inspect the equipment.

Disposal Instructions

- Dispose of any damaged or worn grip inserts in accordance with local regulations.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the Ransom International Grip Inserts, please contact the manufacturer or a qualified professional for assistance.

By following these guidelines, you can ensure the safe and effective use of the Ransom International Grip Inserts for your Polymer 80 PFC/PFS9. Always prioritize safety and stay informed about best practices for using firearm accessories.

Guida alla Sicurezza per gli INSERTI PER IMPUGNATURA RANSOM

Introduzione

Grazie per aver scelto gli INSERTI PER IMPUGNATURA RANSOM per il tuo Master Series Ransom Rest. Questa guida fornisce importanti informazioni sulla sicurezza e sull'uso corretto del prodotto, in conformità con il Regolamento Generale sulla Sicurezza dei Prodotti dell'UE (GPSR). Assicurati di leggere attentamente queste istruzioni per garantire un utilizzo sicuro e efficace.

Linee Guida Generali sulla Sicurezza

- Gli INSERTI PER IMPUGNATURA RANSOM sono progettati per garantire prestazioni ottimali e sicurezza.
- Evita di utilizzare inserti rigidi o inserti in plastica stampati in 3D, poiché possono danneggiare l'arma.
- Controlla regolarmente il prodotto per eventuali segni di usura o danni.
- Non utilizzare il prodotto se presenta difetti visibili o se non funziona come previsto.
- Segnala qualsiasi prodotto non sicuro o incidente alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- **Progettazione Avanzata:** Gli inserti sono progettati per assorbire l'energia di rinculo, riducendo il rischio di danni all'arma.
- **Controllo delle Forze:** Gli inserti Ransom controllano le vibrazioni e il rinculo, prevenendo danni.
- **Assorbimento delle Vibrazioni:** Gli inserti riducono le vibrazioni e le armoniche, offrendo un'esperienza di tiro coerente.
- **Durata dell'Arma:** L'uso di inserti rigidi può ridurre la vita della canna e dell'arma, aumentando il rischio di infortuni.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti:

- Assicurati che l'arma sia scarica prima di iniziare l'installazione.
- Segui le istruzioni specifiche fornite con il tuo Master Series Ransom Rest per installare correttamente gli inserti.
- Verifica che gli inserti siano ben fissati e non presentino giochi o movimenti.

2. Uso degli Inserti:

- Utilizza il Ransom Rest in un'area sicura e controllata, lontano da persone e animali.
- Non superare le raccomandazioni di carico specificate dal produttore.
- Monitora costantemente le prestazioni degli inserti durante l'uso e interrompi immediatamente l'uso se noti anomalie.

Istruzioni per lo Smaltimento

- Gli inserti Ransom devono essere smaltiti in conformità con le normative locali sui rifiuti.
- Non gettare gli inserti nella spazzatura domestica. Contatta il tuo comune per informazioni sui punti di raccolta per materiali speciali.
- Assicurati di smaltire correttamente eventuali materiali di imballaggio.

Informazioni di Contatto per Ulteriori Supporto

Per domande o dubbi riguardanti la sicurezza del prodotto, ti invitiamo a contattare il tuo rivenditore locale o il servizio clienti del produttore. Assicurati di avere a disposizione il numero di modello del prodotto e la prova di acquisto.

Avvertenza Finale

Ricorda che la sicurezza è una responsabilità condivisa. Segui sempre queste linee guida e utilizza gli INSERTI PER IMPUGNATURA RANSOM in modo responsabile per garantire un'esperienza di tiro sicura e piacevole.
