

GRIP INSERTS - RANSOM GRIP INSERTS FOR AREX DEFENSE DELTA L GEN2

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR AREX DEFENSE DELTA L GEN2
- Manufacturer: RANSOM
- Product no.: 430119567
- Mfr. No.: 30-300-59-01
- Delivery weight: 0.907kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 152mm
- UPC: 810132580123

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für RANSOM GRIP INSERTS

Einleitung

Herzlichen Glückwunsch zu deinem Kauf der RANSOM GRIP INSERTS für das AREX DEFENSE DELTA L GEN2. Diese Inserts sind speziell entwickelt worden, um die Schussgenauigkeit zu verbessern und gleichzeitig die Sicherheit deines Gewehrs zu gewährleisten. Bitte lies die folgenden Sicherheitshinweise sorgfältig durch, um eine sichere und effektive Nutzung zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die RANSOM GRIP INSERTS nur für den vorgesehenen Zweck verwendest.
- Halte die Inserts von Kindern und schutzbedürftigen Personen fern.
- Überprüfe regelmäßig die Inserts auf Beschädigungen, bevor du sie verwendest.
- Achte darauf, dass du keine harten Grip Inserts oder 3Dgedruckten Kunststoff Inserts verwendest, da diese schädlich für dein Gewehr sein können.
- Melde unsichere Produkte oder Unfälle sofort den zuständigen Behörden.

Spezifische Sicherheitsvorkehrungen für die Verwendung

- Verwende ausschließlich die RANSOM GRIP INSERTS, die für dein Modell geeignet sind.
- Achte darauf, dass die Inserts richtig in die Master Series Ransom Rest eingesetzt sind.
- Vermeide die Verwendung von harten oder schlecht konstruierten Inserts, da diese destruktive Rückstoßenergie erzeugen können.
- Beachte, dass Schäden durch falsche Inserts möglicherweise nicht sofort sichtbar sind, sich jedoch mit jedem Schuss ansammeln können.

Anleitungen zur Installation und Verwendung

1. **Vorbereitung:**
 - Stelle sicher, dass das Gewehr entladen und sicher ist, bevor du mit der Installation beginnst.
2. **Installation der Inserts:**
 - Entferne die alten Inserts, falls vorhanden.
 - Setze die RANSOM GRIP INSERTS gemäß den Anweisungen in der Bedienungsanleitung des Ransom Rest ein.
 - Stelle sicher, dass die Inserts fest und sicher sitzen.
3. **Verwendung:**
 - Nutze die RANSOM GRIP INSERTS, um die Rückstoßenergie beim Schießen zu absorbieren.
 - Achte darauf, die Inserts regelmäßig auf Abnutzung oder Beschädigung zu überprüfen.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Stelle sicher, dass alle Teile umweltgerecht entsorgt werden.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder bei Fragen zu Sicherheit und Verwendung der RANSOM GRIP INSERTS wende dich bitte an den Hersteller oder den Händler, bei dem du die Inserts erworben hast.

Safety Instruction Guide for GRIP INSERTS RANSOM GRIP INSERTS FOR AREX DEFENSE DELTA L GEN2

Introduction

Thank you for choosing the Ransom International Grip Inserts. These inserts are designed to enhance your shooting experience by mimicking the natural recoil absorption of the human hand. It is important to follow the safety instructions and guidelines outlined in this document to ensure safe and effective use.

General Safety Guidelines

- **Product Safety:** Ensure the safe use of the grip inserts to prevent damage to your firearm and to enhance user safety.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Extra care should be taken when the product is used by vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, you can reach out to your local EU contact point.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Do Not Use Hard Grip Inserts:** Avoid using hard grip inserts or 3Dprinted plastic inserts. They can cause damage to your firearm by generating destructive recoil energy.
- **Understand Physics of Recoil:** Recognize that vibration and recoil cannot be stopped; they can only be controlled. Hard inserts do not allow for proper energy absorption.
- **Monitor for Damage:** Be aware that damage from hard inserts may not be immediately visible but can accumulate over time with each shot.
- **Avoid Injury Risks:** Using hard inserts may lead to decreased barrel life and potential injury or death if something goes wrong.
- **Replicate Human Recoil:** Ensure that you are mimicking humanlike recoil for accurate testing results. Hard or 3Dprinted inserts cannot achieve this.

Instructions for Installation and Usage

1. Installation:

- Ensure that your Ransom Rest is in a stable position.
- Carefully remove any existing grip inserts from the rest.
- Align the Ransom International Grip Inserts with the designated slots in the rest.
- Firmly press the grip inserts into place until they are secure.

2. Usage:

- Place your firearm in the Ransom Rest according to the manufacturer's guidelines.
- Ensure that the grip inserts are properly seated and that there is no movement.
- Test fire with the rest to ensure that the inserts absorb recoil effectively.
- Monitor your firearm for any signs of damage during and after use.

Disposal Instructions

- **Proper Disposal:** When the grip inserts reach the end of their useful life, dispose of them in accordance with local regulations for plastic and composite materials.
- **Environmental Considerations:** Do not dispose of inserts in a manner that could harm the environment. Check with local waste management for recycling options.

Contact Information for Further Support

For any questions or concerns regarding the use of the Ransom International Grip Inserts, please refer to your local EU contact point for assistance.

Guida alla Sicurezza per gli Grip Inserts RANSOM per AREX DEFENSE DELTA L GEN2

Introduzione

Grazie per aver scelto i Grip Inserts RANSOM per il tuo Master Series Ransom Rest. Questo prodotto è progettato per migliorare la tua esperienza di tiro, ma è fondamentale seguire le linee guida di sicurezza per garantire un uso corretto e sicuro. Questa guida fornisce informazioni importanti sulla sicurezza, l'installazione e l'uso dei Grip Inserts.

Linee Guida Generali di Sicurezza

- Assicurati di leggere attentamente tutte le istruzioni prima dell'uso.
- Utilizza solo i Grip Inserts RANSOM progettati specificamente per il tuo Master Series Ransom Rest.
- Non utilizzare grip inserts rigidi o grip inserts in plastica stampata in 3D, poiché possono danneggiare l'arma e compromettere la sicurezza.
- Verifica regolarmente l'integrità degli inserti e sostituiscili se mostrano segni di usura o danni.
- Mantieni il prodotto fuori dalla portata di bambini o persone non autorizzate.
- Segnala eventuali prodotti non sicuri o incidenti alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Non utilizzare mai grip inserts rigidi o stampati in 3D, in quanto possono generare energia di rinculo distruttiva.
- Gli inserti devono essere utilizzati solo con armi compatibili e nel rispetto delle normative locali.
- Assicurati che l'inserto sia installato correttamente prima di ogni utilizzo.
- Non tentare di modificare o riparare gli inserti; contatta un professionista qualificato per assistenza.
- Durante l'uso, fai attenzione alla posizione della macchina e dell'arma per evitare incidenti.

Istruzioni per l'Installazione e l'Uso

1. Installazione degli Inserti

- Rimuovi il grip insert precedente dal Master Series Ransom Rest.
- Pulisci l'area di installazione per garantire una buona adesione.
- Posiziona il Grip Insert RANSOM nel suo alloggiamento, assicurandoti che sia allineato correttamente.
- Fissa l'inserto seguendo le istruzioni del produttore per garantire un'installazione sicura.

2. Uso degli Inserti

- Posiziona l'arma sul Master Series Ransom Rest con il Grip Insert installato.
- Controlla che l'arma sia stabile e in posizione corretta prima di iniziare il tiro.
- Esegui i tuoi tiri seguendo le pratiche di sicurezza standard per il tiro.

Istruzioni per lo Smaltimento

- Non smaltire gli inserti in modo irresponsabile. Segui le normative locali per lo smaltimento dei materiali.
- Se l'inserto è danneggiato o non più utilizzabile, contatta un centro di raccolta autorizzato per il corretto smaltimento.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni sulla sicurezza o per segnalare un problema, contatta il tuo rivenditore o il produttore. Assicurati di avere il numero di lotto e le informazioni sul prodotto a portata di mano per facilitare la comunicazione.

Seguendo queste linee guida, puoi garantire un'esperienza di tiro sicura e soddisfacente con i Grip Inserts RANSOM. La tua sicurezza è la nostra priorità.
