

GRIP INSERTS - RANSOM GRIP INSERTS FOR HI-POINT C9

RANSOM INTERNATIONAL GRIP INSERTS Do not use hard grip inserts or 3D-printed plastic grip inserts for your Master Series Ransom Rest. Hard inserts damage the gun by generating destructive recoil energy that travels through the frame and barrel. Not only that, most hard or 3D-printed inserts are poorly engineered and fail to replicate human-like recoil, rendering any test data invalid. Hard grip inserts will not provide repeatable test results to your hand and the end user of the firearm. The grip inserts are specifically designed to match the durometer of the human hand. The inserts absorb the first few milliseconds of shot before the machine can even mechanically recoil. Look at the photo attached here: You can see the bullet has left the barrel. The machine has not come out of a lowered battery position, and the slide has not come out of lockup. The first few milliseconds of vibration and recoil are absorbed by the insert before the machine can even respond. Why will a hard insert damage your gun? The simplest, most direct answer is that physics teaches us that every action has an equal and opposite reaction. Therefore, Chuck Ransom always said vibration and recoil cannot be stopped; they can only be repeatedly controlled. If these forces do not have somewhere to travel, they will find a way to go. Just as lightning and water will find a way to travel and move, so will vibration and recoil. The inserts are specifically designed to act like the human hand, absorbing these forces and not transferring them into the gun. The Ransom rest insert absorbs vibration and harmonics, then properly transfers the energy into the rest to recoil as a human does coaxially. This whole unit functions similarly to how your hand absorbs the recoil and vibration. The grip inserts and machine, as a pair, are specifically designed to absorb this. This damage may not be seen right away, but it accrues with each shot. A hard insert will decrease the life of the barrel and gun, and it may possibly cause injury or death if something occurs. A hard insert will not be duplicatable to the end user. Whether destructive testing or accuracy testing, you must mimic the human, or your test is flawed. If a hard or 3d printed insert worked. Then every gun manufacturer would already be using them, and there would be no need for a Ransom Rest company. Take note and caution, many have tried, and many have found out the hard way. Caution: Don't use hard or 3D-printed inserts.

Attributes

- Name: RANSOM GRIP INSERTS FOR HI-POINT C9
- Manufacturer: RANSOM
- Product no.: 430119592
- Mfr. No.: 30-300-73-01
- Delivery weight: 0.907kg
- UPC: 810132581410

Item details

Made in USA

US export classification: 0A501.y.1

Sicherheitshinweise für GRIP INSERTS RANSOM GRIP INSERTS FÜR HIPOINT C9

Einführung

Willkommen zu den Sicherheitshinweisen für die GRIP INSERTS RANSOM GRIP INSERTS FÜR HIPOINT C9. Diese Anleitung soll dir helfen, das Produkt sicher zu verwenden und potenzielle Gefahren zu vermeiden. Bitte lies die folgenden Informationen sorgfältig durch.

Allgemeine Sicherheitshinweise

- Stelle sicher, dass du die Inserts nur mit kompatiblen Waffen verwendest.
- Verwende keine harten Grip Inserts oder 3Dgedruckte KunststoffGrip Inserts, da diese deine Waffe beschädigen können.
- Achte darauf, dass die Inserts ordnungsgemäß installiert sind, um eine sichere Nutzung zu gewährleisten.
- Halte das Produkt außerhalb der Reichweite von Kindern und schutzbedürftigen Personen.
- Überprüfe regelmäßig die Inserts auf Abnutzung oder Beschädigungen.

Besondere Sicherheitsvorkehrungen für die Verwendung

- Die Inserts sind speziell dafür entwickelt, die DurometerHärte der menschlichen Hand nachzuahmen.
- Vermeide es, die Inserts bei extremen Temperaturen oder in feuchten Umgebungen zu verwenden.
- Achte darauf, dass die Inserts nicht beschädigt sind, bevor du sie verwendest.
- Bei der Verwendung des Ransom Rest, achte darauf, dass die Inserts richtig positioniert sind, um optimale Testergebnisse zu erzielen.
- Bei Anzeichen von Beschädigungen oder Abnutzung, ersetze die Inserts sofort.

Anweisungen für Installation und Nutzung

1. Installation der Inserts:

- Entferne die alten Inserts gemäß den Anweisungen des Herstellers.
- Setze die neuen RANSOM GRIP INSERTS vorsichtig in die dafür vorgesehenen Halterungen ein.
- Stelle sicher, dass die Inserts fest und sicher sitzen.

2. Nutzung der Inserts:

- Verwende die Inserts nur mit dem Master Series Ransom Rest.
- Achte darauf, dass die Maschine in der richtigen Position ist, bevor du den Schuss abgibst.
- Beobachte die Testergebnisse und stelle sicher, dass die Inserts ordnungsgemäß funktionieren.

Entsorgungsanweisungen

- Entsorge beschädigte oder abgenutzte Inserts gemäß den örtlichen Vorschriften für Kunststoffabfälle.
- Stelle sicher, dass du die Inserts nicht in den normalen Hausmüll wirfst, wenn sie gefährliche Materialien enthalten.

Kontaktinformationen für weitere Unterstützung

Für weitere Informationen oder bei Fragen zur Sicherheit der GRIP INSERTS RANSOM GRIP INSERTS FÜR HIPOINT C9, wende dich bitte an den Hersteller oder einen autorisierten Händler.

Schlussfolgerung

Die Sicherheit beim Umgang mit deinen RANSOM GRIP INSERTS ist von größter Bedeutung. Indem du die oben genannten Richtlinien befolgst, kannst du sicherstellen, dass du das Produkt sicher und effektiv verwendest. Bei weiteren Fragen oder Bedenken zögere nicht, Unterstützung in Anspruch zu nehmen.

GRIP INSERTS RANSOM GRIP INSERTS FOR HIPOINT C9 Safety Instructions

Introduction

Thank you for choosing the Ransom International Grip Inserts for your HiPoint C9. This guide provides essential safety instructions to ensure the safe use of this product. Please read all instructions carefully to understand how to use the grip inserts correctly and safely.

General Safety Guidelines

- Ensure that all nonfood products, including the grip inserts, are used according to the instructions provided.
- Be aware of risks associated with improper use, including damage to the firearm and potential injury.
- Online purchases of this product must meet the same safety standards as those purchased in physical stores.
- Special care must be taken if the product is used by vulnerable groups, including children.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Do Not Use Hard Grip Inserts:** Avoid using hard grip inserts or 3Dprinted plastic grip inserts. These can cause damage to your firearm due to destructive recoil energy.
- **Understand the Risks:** Hard inserts do not replicate humanlike recoil and may produce invalid test data, leading to potential firearm malfunction.
- **Monitor for Damage:** Damage from hard inserts may not be immediately visible but can accumulate over time, affecting the lifespan of your firearm.
- **Injury Risks:** Using hard inserts may result in injury or even death if the firearm malfunctions due to improper testing conditions.
- **Test Conditions:** Always mimic humanlike handling during destructive or accuracy testing to ensure valid results.

Instructions for Installation and Usage

1. **Preparation:** Ensure that the firearm is unloaded and safe to handle before installing the grip inserts.
2. **Installation:**
 - Remove any existing grip inserts from the firearm.
 - Align the Ransom Grip Inserts with the grip area of the HiPoint C9.
 - Firmly press the inserts into place until they fit securely.
3. **Usage:**
 - Use the grip inserts as intended during testing and shooting.
 - Monitor the firearm for any unusual behavior during use.
 - If you notice any signs of damage or malfunction, discontinue use immediately.
4. **Testing:**
 - Conduct tests only with the Ransom Grip Inserts installed to ensure accurate results.
 - Avoid using hard or 3Dprinted inserts during testing.

Disposal Instructions

- Dispose of any old or damaged grip inserts in accordance with local regulations.
- Do not dispose of the grip inserts in regular household waste; check for recycling options.

Contact Information for Further Support

For any inquiries or concerns regarding the Ransom Grip Inserts, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure the effective and safe use of the Ransom International Grip Inserts for your HiPoint C9. Always prioritize safety and proper handling to maintain the integrity of your firearm and protect yourself and others.

Guida di Sicurezza per i Grip Inserts Ransom per HiPoint C9

Introduzione

Grazie per aver scelto i Grip Inserts Ransom per il tuo HiPoint C9. Questa guida è progettata per garantire un uso sicuro e responsabile del prodotto, seguendo le normative europee sulla sicurezza dei prodotti. Ti invitiamo a leggere attentamente queste istruzioni per comprendere come utilizzare il prodotto in modo sicuro e per evitare potenziali rischi.

Linee Guida Generali di Sicurezza

- Assicurati di utilizzare solo i Grip Inserts Ransom progettati specificamente per il tuo HiPoint C9.
- Non utilizzare grip inserts rigidi o stampati in 3D, poiché possono danneggiare l'arma e compromettere la tua sicurezza.
- Verifica regolarmente il prodotto per eventuali segni di usura o danni.
- Segui tutte le istruzioni per l'uso e l'installazione fornite in questo manuale.
- In caso di incidenti o problemi, contatta immediatamente le autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Gli inserti sono progettati per assorbire vibrazioni e rinculo. Non utilizzare grip inserts che non rispettano queste specifiche.
- Non tentare di modificare o riparare gli inserti da solo.
- Non utilizzare il prodotto in condizioni climatiche estreme o in ambienti non idonei.
- Mantieni il prodotto fuori dalla portata di bambini e animali domestici.
- Utilizza sempre occhiali di protezione e altre attrezzature di sicurezza quando utilizzi l'arma.

Istruzioni per l'Installazione e l'Uso

1. Installazione:

- Rimuovi eventuali grip inserts esistenti dal tuo HiPoint C9.
- Pulisci l'area di contatto per garantire una buona aderenza.
- Segui le istruzioni specifiche per l'installazione degli inserti Ransom, assicurandoti che siano posizionati correttamente.

2. Uso:

- Prima di utilizzare l'arma, verifica che gli inserti siano saldamente installati.
- Esegui un test di funzionamento in un ambiente controllato per assicurarti che il sistema funzioni correttamente.
- Durante l'uso, presta attenzione al comportamento dell'arma e agli inserti; se noti vibrazioni eccessive o altri problemi, interrompi immediatamente l'uso.

Istruzioni per lo Smaltimento

- Gli inserti Ransom devono essere smaltiti secondo le normative locali sui rifiuti.
- Non gettare gli inserti nel normale spazzatura se contengono materiali pericolosi.
- Contatta un centro di smaltimento rifiuti locale per informazioni su come smaltire correttamente il prodotto.

Informazioni di Contatto per Ulteriori Supporto

Per qualsiasi domanda o problema riguardante i Grip Inserts Ransom per HiPoint C9, ti invitiamo a contattare il tuo rivenditore o il produttore. Assicurati di avere a disposizione il numero di modello e la prova d'acquisto quando richiedi assistenza.

Conclusione

La sicurezza è fondamentale quando si utilizza un prodotto come i Grip Inserts Ransom. Seguendo queste linee guida, puoi garantire un'esperienza di tiro sicura e soddisfacente. Ricorda sempre di rimanere informato sulle normative di sicurezza e di segnalare eventuali prodotti non sicuri alle autorità competenti.
