

MASTER SERIES® MEGA2 RIFLE TESTER - RANSOM MASTER SERIES MEGA 2 RIFLE TESTER

RANSOM INTERNATIONAL MASTER SERIES® MEGA2 RIFLE TESTER Ransom are excited and proud after couple rigorous years of testing to finally release The Master Series Mega 2, Or what they like to call it .. The Rifle Master Tester, From Ransom International The Master Series® Mega 2 has been designed to give maximum stability and hold for virtually any hand held rifle. This Ransom Rest is actually a machine that has been designed to give maximum accuracy at a minimum cost. It uses a proven concept in its recoil absorbing system. The trigger pull mechanism is also proven in concept and simplicity. Everything was designed to bring the shooter a tool for testing that is safe, portable, accurate and simple. It is a precision, passive device that holds, fires, and recoils as nearly like the human as possible. It eliminates the human inconsistencies that ordinarily make rifle testing unreliable. The Ransom Master Series Mega2 Rifle Tester Rest is the only machine rest they know of to successfully accomplish the goal of precise, repeatable rifle accuracy testing. SAFELY AND ACCURATELY TEST RIFLES Ransom all wanted a machine to accurately test rifles and remove the human error. One of their main purposes for designing this was to allow local state and federal law enforcement the ability to safely fire confiscated, unknown or dangerous weapons at a safe distance. While they achieved their goal they wanted to keep in mind this machine was to have the ability to fire and test not just any rifle or some rifles or types of rifles but all rifles and styles, It also had to be repeatable accuracy. Ransom wanted to design and build a machine which would sustain their Ransom International reputation for American quality, American engineering, and design at minimum cost to you. There were many hurdles and challenges in the design and test stages, one main challenge to Ransom was to make the machine simplistic yet robust in design allow for solid rigidity of machine but float the rifle like a human does. The machine had to as well be very durability and long lasting. This machine was not only a challenge to achieve and accomplish it was also a legacy for Ransom International Corporation. LEGACY Ransom has a legacy. It is the original American pistol and rifle shooting rest company, with the international standard for accuracy testing handguns. Along with a world renowned world record holding rifle rest, their products are being proudly used by military along with federal and state agencies. Chuck Ransom, founder and inventor was approached by a government and military test facility to build such a Rifle testing machine for their purpose to hold fire and recoil any rifle. FULFILLING THIS CHALLENGE This Master Series Mega 2 rest is fulfilling this challenge that Chuck Ransom was working on to complete. Chuck Ransom once said "this rifle test machine was possibly, impossible, to be able to hold safely and accurately all rifles, given all the different rifle styles". This was a task and challenge he finally agreed to take on. Chuck was trying to design and manufacture one for the test facility. This was shortly before his unexpected passing. After Chuck's passing, the documents and designs had to move on and stay with the government test facility. His design thoughts and detailed information have been lost with time. The agency did eventually find a manufacturing facility to get their machine completed and it has served that testing facility's purpose. Ransom International Corporation still believes, now more than ever, there is a need for such a machine. So the Ransom team got to work designing and building a Rifle testing machine. Over 14 years after Chuck Ransom's first design, Ransom are proud to release for sale the new 2018 Ransom believes the Mega 2 Rifle Tester to be one of the best investments as a rifle shooter, or laboratory tester, or ballistic agency or

police or government agency can make. Not only is the price of machine way cheaper than any accident report. With ammo prices at an all time high this will allow a steady platform to Dial in your sights optics and test any hand held rifles repeatability accuracy or function with that ammo. Mega 2 is designed to be portable or bolted permanently, the Mega 2 is built for a lifetime of use, proven to be accurate and secure platform.

Attributes

- Name: RANSOM MASTER SERIES MEGA 2 RIFLE TESTER
- Manufacturer: RANSOM
- Product no.: 430119618
- Mfr. No.: RS-60-100-1
- Material: Multiple
- Style: Rest
- Delivery weight: 58.967kg
- Shipping height: 483mm
- Shipping width: 483mm
- Shipping length: 1,549mm
- UPC: 810132583575

Sicherheitshinweise für den MASTER SERIES® MEGA2 RIFLE TESTER

Einführung

Herzlichen Glückwunsch zu deinem Kauf des MASTER SERIES® MEGA2 RIFLE TESTER von RANSOM. Dieses Produkt wurde entwickelt, um dir eine sichere und präzise Möglichkeit zu bieten, Gewehre zu testen. Bitte lese diese Sicherheitshinweise sorgfältig durch, um die sichere Verwendung des Geräts zu gewährleisten.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die Bedienungsanleitung vor der Verwendung vollständig gelesen und verstanden hast.
- Halte das Gerät außerhalb der Reichweite von Kindern und schütze es vor unbefugtem Zugriff.
- Verwende das Gerät nur für den vorgesehenen Zweck, um Gefahren zu vermeiden.
- Überprüfe das Gerät vor jeder Nutzung auf sichtbare Schäden oder Abnutzung.
- Bei Fragen oder Unsicherheiten zur Verwendung des Produkts kontaktiere bitte den Hersteller.

Besondere Sicherheitsvorkehrungen bei der Nutzung

- Verwende das Gerät nur auf stabilen, ebenen Oberflächen, um ein Umkippen oder Verrutschen zu verhindern.
- Stelle sicher, dass alle Teile des Geräts ordnungsgemäß montiert und gesichert sind, bevor du es in Betrieb nimmst.
- Vermeide es, das Gerät während des Schießens zu berühren oder zu bewegen.
- Trage immer geeignete Schutzausrüstung, einschließlich Gehörschutz und Schutzbrille, während du das Gerät benutzt.
- Halte dich an alle lokalen Gesetze und Vorschriften bezüglich des Schießens und der Verwendung von Schusswaffen.

Anweisungen zur Installation und Nutzung

1. Installation

- Suche einen stabilen und ebenen Platz für die Installation des MEGA2 RIFLE TESTER.
- Montiere das Gerät gemäß den Anweisungen in der Bedienungsanleitung.
- Stelle sicher, dass alle Schrauben und Befestigungen fest angezogen sind.

2. Benutzung

- Lade das Gewehr gemäß den Herstelleranweisungen.
- Positioniere das Gewehr sicher im Tester und stelle sicher, dass es richtig fixiert ist.
- Stelle den Tester so ein, dass er die Rückstoßabsorption korrekt ausführen kann.
- Führe den Schuss ab, während du sicherstellst, dass niemand in der Nähe steht.

Entsorgungsanweisungen

- Entsorge das Produkt gemäß den lokalen Vorschriften für Elektroschrott und gefährliche Materialien.
- Informiere dich über Recyclingmöglichkeiten in deiner Nähe, um die Umwelt zu schonen.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Anliegen zur Sicherheit oder Nutzung des MASTER SERIES® MEGA2 RIFLE TESTER wende dich bitte an den Hersteller. Achte darauf, alle Anweisungen und Sicherheitsrichtlinien zu befolgen, um ein sicheres und effektives Schießerlebnis zu gewährleisten.

Bitte beachte, dass diese Sicherheitshinweise dazu dienen, die sichere Verwendung des Produkts zu fördern und die Einhaltung der EUVerordnung über die allgemeine Produktsicherheit (GPSR) zu unterstützen.

MASTER SERIES® MEGA2 RIFLE TESTER Safety Instruction Guide

Introduction

Thank you for choosing the MASTER SERIES® MEGA2 RIFLE TESTER from Ransom International. This guide provides essential safety instructions to ensure safe and effective use of your rifle tester. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the rifle tester is used in accordance with all applicable laws and regulations.
- Always use the rifle tester in a safe and controlled environment, away from unauthorized personnel.
- Keep the rifle tester out of reach of children and vulnerable individuals.
- Regularly inspect the rifle tester for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Familiarize yourself with the product's features and functions before use.

Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before placing it in the tester.
- Use only compatible rifles as specified by the manufacturer.
- Do not exceed the weight limit of the rifle tester.
- Ensure that the rifle is securely positioned in the tester before firing.
- Use appropriate ammunition as recommended for your rifle.
- Always wear appropriate eye and ear protection when testing.
- Maintain a safe distance from the rifle tester during operation.
- Never place your hands or any body part in the line of fire.
- Follow all local laws regarding the use of firearms and testing equipment.

Instructions for Installation and Usage

Installation

1. Choose a stable and flat surface for installation.
2. Secure the rifle tester in place using the provided mounting hardware if bolting permanently.
3. Ensure that the tester is level and stable before use.

Usage

1. Preparing the Rifle:

- Ensure the rifle is unloaded.
- Check that all components are in good working condition.

2. Setting Up the Tester:

- Place the rifle in the designated holding area of the tester.
- Adjust the holding mechanism to securely grip the rifle.
- Ensure that the rifle is aligned correctly for accurate testing.

3. Testing the Rifle:

- Load the appropriate ammunition into the rifle.

- Follow the manufacturer's instructions for firing.
- Activate the trigger pull mechanism as per the guidelines.
- Observe the results and take necessary notes for accuracy.

4. PostTesting:

- Safely unload the rifle after testing.
- Carefully remove the rifle from the tester.
- Inspect the tester for any signs of damage or wear postuse.

Disposal Instructions

- Dispose of the MASTER SERIES® MEGA2 RIFLE TESTER responsibly.
- Follow local regulations for the disposal of mechanical equipment.
- If the product is no longer functional, consider recycling components where possible.

Contact Information for Further Support

For any inquiries or concerns regarding the MASTER SERIES® MEGA2 RIFLE TESTER, please reach out to your local dealer or the manufacturer. Ensure that you have the product details ready for assistance.

By following these safety instructions, you can ensure a safe and effective experience while using the MASTER SERIES® MEGA2 RIFLE TESTER. Always prioritize safety and adhere to local laws and regulations regarding firearm testing.

Guida alle Istruzioni di Sicurezza per il RANSOM MASTER SERIES® MEGA2 RIFLE TESTER

Introduzione

Benvenuti alla guida alle istruzioni di sicurezza per il RANSOM MASTER SERIES® MEGA2 RIFLE TESTER. Questo documento è progettato per garantire un uso sicuro e corretto del prodotto, seguendo le linee guida della Regolamentazione Generale sulla Sicurezza dei Prodotti dell'UE (GPSR). È fondamentale leggere attentamente queste istruzioni prima dell'uso per garantire la sicurezza e l'efficacia del tester.

Linee Guida Generali di Sicurezza

- Utilizzare il RANSOM MASTER SERIES® MEGA2 RIFLE TESTER solo per il suo scopo previsto, ovvero il collaudo di fucili.
- Assicurarsi che il prodotto sia montato e utilizzato su una superficie stabile e piana.
- Tenere il tester lontano da bambini e animali domestici.
- Non utilizzare il tester in condizioni di umidità o in ambienti con temperature estreme.
- Controllare regolarmente il tester per segni di usura o danni. Sostituire eventuali parti danneggiate prima dell'uso.
- Seguire tutte le normative locali e nazionali riguardanti l'uso delle armi e il collaudo degli armamenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- Indossare occhiali protettivi durante il collaudo per proteggere gli occhi da eventuali schegge o detriti.
- Assicurarsi che l'arma sia scarica e che non contenga munizioni prima di posizionarla nel tester.
- Non posizionare mai le mani o il corpo davanti alla bocca dell'arma durante l'uso.
- Utilizzare il tester in un'area ben ventilata per ridurre l'esposizione a fumi o polveri potenzialmente nocive.
- Non lasciare mai il tester incustodito durante il collaudo.
- Seguire le istruzioni del produttore per il montaggio e la regolazione del tester.

Istruzioni per l'Installazione e l'Uso

1. Installazione del Tester

- Posizionare il RANSOM MASTER SERIES® MEGA2 RIFLE TESTER su una superficie stabile e piana.
- Assicurarsi che tutte le parti siano assemblate correttamente seguendo le istruzioni incluse nel manuale.
- Verificare che il sistema di assorbimento del rinculo sia in buone condizioni e correttamente installato.

2. Uso del Tester

- Posizionare il fucile nel tester assicurandosi che sia ben fissato.
- Regolare il tester per allineare l'arma con il bersaglio desiderato.
- Effettuare il collaudo seguendo le istruzioni specifiche del tester e mantenendo sempre la sicurezza come priorità.
- Dopo il collaudo, rimuovere l'arma dal tester e riporla in modo sicuro.

Istruzioni per lo Smaltimento

- Smaltire il RANSOM MASTER SERIES® MEGA2 RIFLE TESTER secondo le normative locali riguardanti i rifiuti elettronici e i materiali di consumo.

- Non gettare il tester nell'indifferenziata; consultare le strutture di raccolta specializzate per il corretto smaltimento.

Informazioni di Contatto per Ulteriori Supporto

Per ulteriori informazioni o domande riguardanti la sicurezza e l'uso del RANSOM MASTER SERIES® MEGA2 RIFLE TESTER, consultare le risorse disponibili sul sito ufficiale del produttore o contattare il servizio clienti.

Ricordate che la sicurezza è una responsabilità condivisa. Seguire queste istruzioni non solo proteggerà voi stessi, ma anche le persone intorno a voi. Grazie per aver scelto il RANSOM MASTER SERIES® MEGA2 RIFLE TESTER.
