

DEADLOCK CHARGING HANDLE PATROL FOR AR-15/M4 - SENTRY MANUFACTURING DEADLOCK CHARGING HANDLE PATROL FOR AR15/M4 FDE

SENTRY MANUFACTURING DEADLOCK CHARGING HANDLE PATROL FOR AR-15/M4 Since development of the AR platform, operators have dealt with the same fatal flaw. Charging handle snags that cause unwanted weapon charging, rendering the gun unusable from being locked out of battery or causing a jam/malfunction. Their patent pending design features a dual locking mechanism that has finally solved this decades long issue. Deadlock™ utilizes a conveniently located button at the rear of the charging handle that must be depressed for the handle to operate as intended. This feature can also be bypassed should the operator choose by pinning the button in the depressed position with included roll pin. FEATURES Patented DEADLOCK dual locking system that eliminates snags from causing unwanted weapon charging or malfunctions Truly ambidextrous wing design with independent latch engagement; allowing the charging handle to continue normal operation with either wing missing. This design also provides equal wing tension for smoother operation Aggressive wing and button texturing provide a secure grip in even the harshest environments Angled gusset at gas key contact point proves 30% greater strength than standard charging handles, resulting in less failures during hard use All handles ship with a button override pin, allowing the button to be pinned forward and DEADLOCK to be used as a traditional charging handle Patented shortened hard stop gas key channel and complete upper encompassing high shelf design for unparalleled gas blowback mitigation ALL parts are precision milled from aircraft grade 7075 aluminum and type III hard anodized for longevity and corrosion resistance Extreme duty, US made hardware

Safety Instruction Guide for Sentry Manufacturing Deadlock Charging Handle Patrol for AR15/M4

Introduction

Thank you for choosing the Sentry Manufacturing Deadlock Charging Handle Patrol for AR15/M4. This product is designed to enhance the functionality and safety of your firearm. It is important to read and follow these safety instructions to ensure proper use and to minimize risks associated with firearm handling.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that your firearm is in good working condition before use.
- Use only the recommended charging handle for your specific firearm model.
- Store the charging handle and firearm securely to prevent unauthorized access, especially by children.
- Be aware of your surroundings and ensure that you are in a safe environment when handling firearms.
- Regularly inspect the charging handle for any signs of wear or damage. Replace if necessary.

Specific Safety Precautions for Use

- Ensure that the Deadlock button is fully engaged and functioning before operating the charging handle.
- Do not attempt to modify or alter the charging handle in any way, as this may compromise safety and performance.
- When using the charging handle, maintain a firm grip to avoid slippage.
- Be cautious when using the charging handle in adverse weather conditions, as moisture can affect grip and functionality.
- If you experience any malfunctions while using the charging handle, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure that the firearm is unloaded and pointed in a safe direction.
2. Remove the existing charging handle from the firearm, following the manufacturer's instructions.
3. Align the Deadlock Charging Handle with the receiver of the firearm.
4. Insert the charging handle into the receiver until it is fully seated.
5. Test the operation of the charging handle by pulling it back and releasing it to ensure smooth movement.

Usage

- To operate the charging handle, depress the Deadlock button located at the rear of the handle.
- Pull the charging handle back to chamber a round, then release it to allow the handle to return to its original position.
- If preferred, the button can be pinned in the depressed position using the included roll pin to bypass the Deadlock feature for traditional operation.
- Always ensure that the firearm is clear of obstructions before charging.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations for metal recycling.
- Ensure that the charging handle is not usable before disposal to prevent any potential misuse.
