

GASLOCK CHARGING HANDLE CQB FOR AR-308/SR25 - SENTRY MANUFACTURING GASLOCK CHARGING HANDLE CQB FOR AR-308/SR25 BLACK

SENTRY MANUFACTURING GASLOCK CHARGING HANDLE CQB FOR AR-308/SR25 The Sentry Manufacturing DEADLOCK Charging Handle brings the company's proven GASLOCK™ technology to the AR10/SR25 platform, delivering enhanced reliability, strength, and shooter comfort. Its patent-pending dual-locking system helps prevent unintended charging handle movement caused by gear snags, reducing the risk of malfunctions in demanding environments. Built around an independent dual-latch design, the DEADLOCK remains operational even if one wing is damaged, while balanced actuation forces provide smooth, consistent manipulation from either side. The advanced gas-management system features a patented hard-stop gas key channel and full upper-receiver-encompassing high-shelf geometry to significantly reduce gas blowback to the shooter. Constructed from 7075-T6 aircraft-grade aluminum and finished with MIL-SPEC Type III hard-coat anodizing, the DEADLOCK is engineered for exceptional durability, corrosion resistance, and long service life.

Safety Instruction Guide for GASLOCK Charging Handle CQB for AR308/SR25

Introduction

Thank you for choosing the Sentry Manufacturing GASLOCK Charging Handle CQB for AR308/SR25. This product is designed to enhance the reliability and comfort of your firearm. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe operation, installation, and disposal of your charging handle.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Ensure that the charging handle is properly installed before use.
- Do not use the charging handle if it shows signs of damage or wear.
- Store the charging handle in a safe place, away from children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage.
- Familiarize yourself with the operation of the charging handle before using it in the field.
- Follow all local laws and regulations regarding the use of firearms and accessories.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the charging handle.
- Use only the recommended tools for installation to avoid damaging the charging handle or firearm.
- Do not force the charging handle if it does not operate smoothly; check for obstructions or damage.
- Avoid wearing loose clothing or gear that could snag on the charging handle during operation.
- Do not modify the charging handle in any way, as this may compromise its safety and functionality.
- If you experience any malfunctions while using the charging handle, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove Old Charging Handle:** If applicable, remove the existing charging handle by following the manufacturer's instructions.
3. **Align the Charging Handle:** Position the GASLOCK Charging Handle in the receiver, ensuring it aligns properly with the charging handle slot.
4. **Secure the Charging Handle:** Gently push the charging handle into place until it clicks securely. Ensure it moves freely.
5. **Test Functionality:** Pull the charging handle back to ensure it operates smoothly without obstruction.

Usage Instructions

- To charge the firearm, grip the charging handle firmly and pull it back until it engages the bolt.
- Release the charging handle to allow it to return to its original position.
- Ensure that the firearm is ready for use by visually checking the chamber and magazine.
- When not in use, keep the charging handle in a safe position and store the firearm securely.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- If the charging handle is damaged or no longer functional, do not attempt to repair it. Instead, dispose of it responsibly.
- Consider recycling the aluminum material if local facilities accept it.
