

OZ9c Elite Compact Pistol Optic Ready Black

OZ9c Elite Compact Pistol

The slimmed-down PRO magwell enhances grip comfort and minimizes printing while carrying concealed. The OZ9c FDE 9mm pistol was designed and created for balance. It's one of the first things you notice when holding this pistol. Balance equates to what every shooter is looking for, a more controllable pistol with less felt recoil, less muzzle flip and faster, more accurate follow-up shots. At the heart of the OZ9 is our patented steel receiver. This solid steel frame runs the length of the entire pistol allowing the locking block to be fully integrated. The extended rails in the receiver help provide more than double the surface area of contact to the slide.

Additional benefits include channels that clear out debris while also acting as lubricating reservoirs for high friction areas. Having a singular component for the slide to travel along minimizes vibration and recoil energy by dispersing it along the receiver through the custom grip. A single take-down pin conveniently located at the front of the trigger guard locks the removable grip to the steel receiver. By design, the trigger is housed in the steel receiver allowing for future grip upgrades without completely breaking down the pistol. Our improved grips have steeper angles, and forward hand position keeping the muzzle down, and pointing straighter. Additional grip sizes and colors, along with multiple sized magwells, are available to facilitate further customization by end-users. The OZ9 is compatible with ZEV threaded barrels, red dot sights that utilize the Trijicon RMR footprint, and Glock pattern magazines.

Safety Instruction Guide for OZ9c Elite Compact Pistol Optic Ready Black

Introduction

Thank you for choosing the OZ9c Elite Compact Pistol Optic Ready Black. This guide provides essential safety instructions to ensure the safe use and handling of your pistol. Please read this manual carefully before use to familiarize yourself with the product features and safety precautions.

General Safety Guidelines

- Always treat the pistol as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Ensure that you are aware of your target and what lies beyond it.
- Store the pistol in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the pistol for signs of wear or damage.
- Use only the recommended ammunition specified for this pistol.
- Always wear appropriate eye and ear protection when shooting.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Ensure that the pistol is unloaded before cleaning or performing maintenance.
- Do not modify the pistol in any way that could affect its safety or performance.
- Be aware of your surroundings and avoid shooting in crowded or populated areas.
- Do not shoot at hard surfaces or water, as this can cause ricochets.
- If you experience a misfire, keep the pistol pointed downrange for at least 30 seconds before attempting to clear the malfunction.
- Do not engage in reckless behavior while handling the pistol, such as horseplay or distractions.

Instructions for Installation and Usage

1. Installation of Accessories:

- Ensure the pistol is unloaded before installing any accessories.
- Follow the manufacturer's instructions for installing red dot sights or other accessories.
- Check that all accessories are securely attached before use.

2. Loading the Pistol:

- Use only Glock pattern magazines compatible with the OZ9c.
- Insert the magazine into the pistol until it clicks into place.
- Pull the slide back to chamber a round, ensuring the pistol is ready for use.

3. Shooting the Pistol:

- Stand in a stable shooting position with your feet shoulderwidth apart.
- Grip the pistol firmly with both hands, aligning your sights on the target.
- Squeeze the trigger smoothly to fire the pistol.
- After firing, maintain control of the pistol and prepare for followup shots.

4. Cleaning and Maintenance:

- Clean the pistol regularly to ensure proper functioning.
- Use a cleaning kit designed for firearms and follow the manufacturer's instructions.
- Inspect all components for wear and replace any damaged parts immediately.

Disposal Instructions

- Dispose of any used ammunition casings and packaging in accordance with local regulations.
- When disposing of the pistol, ensure it is rendered inoperable by a qualified gunsmith or through an approved method in compliance with local laws.
- Do not dispose of firearms in regular household waste.
