

OZ9c Elite X-Grip Pistol Optic Ready Black

OZ9c Elite X-Grip Pistol

The OZ9c X was designed and created for balance. It's one of the first things you notice when holding this pistol. Balance equates to what every shooter is looking for, a more controllable pistol with less felt recoil, less muzzle flip and faster, more accurate follow-up shots. At the heart of the OZ9c X is our patented steel receiver. This solid steel frame runs the length of the entire pistol allowing the locking block to be fully integrated. The extended rails in the receiver help provide more than double the surface area of contact to the slide.

Additional benefits include channels that clear out debris while also acting as lubricating reservoirs for high friction areas. Having a singular component for the slide to travel along minimizes vibration and recoil energy by dispersing it along the receiver through the custom grip. A single take-down pin conveniently located at the front of the trigger guard locks the removable grip to the steel receiver. By design, the trigger is housed in the steel receiver allowing for future grip upgrades without completely breaking down the pistol. Our improved grips have steeper angles, and forward hand position keeping the muzzle down, and pointing straighter. Additional grip sizes and colors, along with multiple sized magwells, are available to facilitate further customization by end-users. The OZ9 is compatible with ZEV threaded barrels, red dot sights that utilize the Trijicon RMR footprint, and Glock pattern magazines.

Introduction

Thank you for choosing the OZ9c Elite XGrip Pistol. This guide provides essential safety instructions and information to ensure the safe use of your firearm. Please read this document thoroughly and keep it for future reference.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Always point the firearm in a safe direction.
- Be aware of your surroundings and ensure that no one is in your line of fire.
- Store your firearm securely and out of reach of children and unauthorized users.
- Regularly inspect your firearm for any signs of wear or damage.
- Do not modify your firearm in any way that could compromise its safety.
- Use only the recommended ammunition for your firearm.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before handling or cleaning.
- Always wear appropriate eye and ear protection when shooting.
- Be mindful of the firearm's recoil and muzzle rise during firing.
- Do not shoot at hard surfaces or water to avoid ricochets.
- If a round does not fire, keep the firearm pointed downrange for at least 30 seconds before attempting to clear the malfunction.
- Be cautious when using accessories such as red dot sights and threaded barrels to ensure they are properly installed and secure.
- Ensure that the grip and magazine are properly attached before use.

Instructions for Installation and Usage

Installation

1. Grip Attachment:

- Ensure the firearm is unloaded.
- Align the grip with the steel receiver.
- Insert the takedown pin at the front of the trigger guard to secure the grip.

2. Slide and Barrel Installation:

- Ensure the firearm is unloaded.
- Align the slide with the receiver and gently push it back until it locks into place.
- Insert the barrel into the slide, ensuring it is seated correctly.

3. Optics Installation:

- Follow the manufacturer's instructions for mounting red dot sights using the RMR footprint.
- Ensure all screws are tightened to the manufacturer's specifications.

Usage

- Load the magazine with the appropriate ammunition.
- Insert the magazine into the grip until it clicks into place.
- Pull the slide back to chamber a round.
- Aim at your target and ensure the area is clear.
- Press the trigger gently to fire.

Disposal Instructions

- Dispose of any unused ammunition in accordance with local regulations.
- When disposing of the firearm, contact a licensed firearms dealer or local law enforcement for proper disposal methods.
- Ensure that all parts are disposed of safely to prevent unauthorized use.
